(International News Service)
PITTSBURGH, Pa., May 24.—
State and county police, acting
in conjunction with officers from
a half dozen nearby communities
today were combing the hills near
East McKeesport, Pa., for Mrs. G.
C. Kirk, of Carnation, Wash., a
bride of five weeks, who disap-
peared mysteriously in an auto-
mobile on the Lincoln Highway last
night.

G. C. Kirk, 24, her husband, who
says he is the son of G. C. Kirk, president
of the Carnation Condensary
Company, milk manufacturers of Se-
attle, spent the night in frantic
search with police.

Aid Enlisted
Early today Kirk came to Pitts-
burgh and enlisted the aid of special
agencies in the hunt.

The couple was married in Seattle
on April 16 last and immediately de-
parted on a honeymoon automobile
tour of the Southern states. They
followed the Eastern seaboard North
to Philadelphia and left that city yester-
day for Pittsburgh, intending to

get a wonderful view of the city from
that vantage point.

Paw News is of the opinion that it
would be a good civic move to tear
down a lot of the signs around town
before the convention crowd arrives
for the G. A. R. encampment. They
could be replaced after the conven-
tion if necessary.

Yes, and while the subject is being
discussed, there are a lot of candi-
dates' posters on trees and other
places around the city that should
be torn down at once. There was
no occasion for putting them up in
the first place. Posters plastered
on trees do not settle any elections
in this city or county.

If New Castle is to be obliged to
provide sewer facilities for Union
township, as was considered at the
conference at city hall yesterday be-
tween city officials and representa-
tives of the township, the city might
as well formerly annex that territory.
It would appear to Pa News.

A new gas main is to be laid in
Butler avenue before the street is
repaved, it is apparent. The pipe
is now being delivered on the ground.

Tomorrow the annual Sunday serv-
ices in connection with Memorial Day
will be held in New Castle. The pro-
gram should be attended by a large
crowd.

Most of the automobiles of New
Castle were either parked around
Taggart field, or near the Cathedral,
last night. The first night track
meet in Pennsylvania was in progress
at Taggart field, while at the
Cathedral, the drawing card was the
big Consistory dance.

There is little resemblance between
a track meet and a football game.

Bullet Kills One Child, Wounds Second

BEAVER FALLS, Pa., May 24.—
Shot by the same bullet, one child is
dead and another is suffering from a
wound in the arm as the result of
an unusual accident at the home of
Charles Frank, along the Darlington
road.

Esther, six, daughter of Mrs. Joseph
Castiglioni, of the Roll Inn Hotel,
died today at the Providence hospital
of a gunshot wound in the abdomen.
After passing through the girl's body
the bullet struck her young brother,
Peter Castiglioni, in the arm.

A playmate, John Frank, eight, son
of Charles Frank, who accidentally
fired the fatal shot, is heartbroken
over the tragedy.

Veterans And Friends Greet Bell On Arrival

Former Lawrence County
Sheriff Overwhelmed By
Reception Accorded
Him

FIRST G. A. R. VET TO FLY ACROSS COUNTRY

Makes Brief Address At Ca-
thedral Following Arrival
Here Last Evening

Samuel W. Bell, aged 89, former
Sheriff of Lawrence County, was
overwhelmed at the reception
accorded him here last evening on
his arrival from Columbus, O., the
last leg of a cross country trip
from San Diego, Calif., all but a
small part of which was made by
airplane.

Ex-Sheriff Bell was quite tired on
his arrival here, the trip having been
a strenuous one, but withal, wonder-
fully exciting. At the prompt recep-
tion arranged for him under the direction
of Hon. Fred L. Rentz, a close friend
of the former local man. Members
of the Legion of Honor Bugle and Drum
corps, assembled at the Cathedral
and played several martial airs for
their aged comrade in arms, while a
throne of his former fellow-townsmen
greeted him warmly.

Afterwards, he was brought to the
stage of the Cathedral where he was
introduced to the audience during an
intermission in the program, by Mr.
Rentz.

Reception Overwhelms Him
Speaking briefly, Mr. Bell stated
that he was overwhelmed by the
kindness and the warmth of the
greeting bestowed upon him.
"This is the happiest moment of
my life," he stated. "It feels so good
to be back in my old home town again
among the people that I love. When
I went back to California six years
ago, after a visit here, I said that I
would never return again, because I
thought I was too old to make such
a strenuous trip."

"Jokingly, I said if I ever returned
again, I would fly back by airplane
and I have 'flewed,' he remarked
dryly.

Mr. Bell stated that the trip had
been very wonderful. He remarked
with pride that he was the first G.
A. R. veteran to ever fly across the
United States in an airplane.

Among the group which greeted Mr.
Bell on his arrival were Hon. and
Mrs. Fred L. Rentz, Mrs. Harry Hor-
ner, a niece, Clark B. Hamilton, re-
presenting the G. A. R., Ed Brown
and Walter S. Reynolds of the Span-
ish American Club.

Further Delays To Tariff Bill Through Errors

Bill Holds Up Final
Action

Democratic And Insurgent
Leaders Ready To Fight

By WILLIAM K. HUTCHINSON

WASHINGTON, May 24.—Four
little mistakes on the part of House
and Senate conferees today threat-
ened to further delay final action on
the administration's billion-dollar
tariff bill.

The mistakes, made in fixing com-
promise rates on cheese, cherries,
rayon and watches, made the bill
subject to points of order in the sen-
ate and will necessitate a new con-
ference between house and senate,
when these "errors" are corrected,
the report proposing compromises for
all tariff disputes between the two
branches of congress, must still be
approved by house and senate before
the bill goes to the White House.

Technical Objections
Due to the parliamentary tangle,
administration leaders admitted, con-
sideration of the measure will be
blocked Tuesday in the Senate and
the bill referred back to the con-
ference. Democrats have announced
they will raise the technical objec-
tions, and it was conceded vice pres-
ident Curtis would uphold the points
of order. There was even a possibility
the bill might be shuffed back and
forth four times between the con-
ference and the senate since each
point of order must be acted upon
separately.

The technical disputes involved:
1. Cheese.—The house had a duty
of 7 cents a pound on Feta White
cheese; the senate cut this duty to
5 cents a pound; by error, the con-
ference increased it to 8 cents.

2. Cherries.—The house put un-

FORMAL SESSION OCCURS TONIGHT

Letter carriers from scattered
points throughout this section of the
state, representing organized branches
of postmen in 30 different cities, are
assembling in New Castle this after-
noon for the annual conference of
the Northwest Pennsylvania district,
Pennsylvania Association of Letter
Carriers.

Tonight's session of the letter car-
riers to be held in Danceland hall,
Neshannock avenue will be formally
opened at 8 o'clock and will officially
adjourn at the close of the evening's
program.

Delegations of carriers began arriv-

The few remaining veterans of the
Civil war will be the honored guests
at the annual Memorial services to
be held in the city Sunday evening.
Not only the veterans of the Civil
war but those of all wars in which
the United States has taken part will
be honored at the service and all mili-
tary organizations will take part in
the program.

The various service and patriotic
organizations participating will meet
at the city building at six o'clock and
proceed in regular parade formation
under the supervision of Lieutenant
John D. Kennedy, chief Marshall and
his aide William S. Lewis. Frank E.
Nessie, Major W. F. Jackson and
James A. Bell to the North Street
Bridge, where the ceremony of the
sailors who gave up their lives will
be commemorated in fitting man-
ner by Rev. C. S. Joshua of the Cro-
ton avenue Methodist church. The
choir of his church will sing several
musical selections at this part of the
service.

At the conclusion of the Water
service the assembly will march to
the First Christian church in the
square where Rev. G. S. Bennett will
conduct further services with "Our
Memorials" as the timely subject of
his sermon.

There will be suitable memorial
music with several members of the
Senior High school band playing pa-
triotic airs; a male quartet will be
heard and the church choir will also
have special music.

Hoover Serves Ultimatum On Tired Senate

"Ratify Treaty, Or Stay Here
Until You Do" Is Word
From President
Hoover

SPECIAL SESSION THREAT IS MADE

Opposition Very Weak
Against Treaty At Present
Time Says Senator
Watson

By GEORGE R. HOLMES
International News Service Staff
Correspondent

WASHINGTON, May 24.—
"Ratify the treaty now or
stay here until you do."

This, in effect, is the ultimatum
handed the senate by President Ho-
over on the question of approving the
London naval treaty, now under at-
tack before two committees of the
senate.

The president's admonition to the
senate was not couched in quite so
blunt language, but it amounted to
the same thing. What he said was:

Special Session.
"My understanding is that advoc-
ates of the naval treaty are earnestly
striving to provide action at the pre-
sent session. If this proves impossi-
ble I propose to call a special session im-
mediately for the sole purpose of
dealing with the treaty."

To a senate wearied from a battle
of a year and a half over the tariff,
and exceedingly anxious to get home
nominated and re-elected this year,
the presidential ultimatum came as
bad news. In some quarters not over-
ly friendly to treaty, it was resented.
Opponents of the treaty point out
that eight out of ten admirals and
naval experts who have been called
before the two committees for testi-
mony have objected to its terms, hold-
ing that it does not insure parity with
Great Britain, and that the United
States sacrificed at London the right
to build the type of ships best suited
to American needs.

Unanswerable Argument.
"I think they have put up an un-
answerable argument," said Senator
Johnson (R) of California, who has
been the leading critic of the treaty.

"Why the need for all this hurry?"
asked Senator George D. of Georgia.
"Are we not to be allowed to look
thoroughly into a matter that so vi-

COURTROOM, ERIE, Pa., May

Entertainment Ends Reunion Of Consistory

LADIES ARE GUESTS DURING FINAL DAY

Many New Degrees Add To
Interest Of Members Of
Scottish Rite Body

With several thousand members
and their guests present, the Spring
Reunion of the New Castle Consis-
tory, A. A. S. R., was brought to a
close last evening, with a fine pro-
gram of entertainment under the
auspices of the Consistory Dinner
Club.

The reunion this year has been
most interesting to the class and
those members who have been in at-
tendance for mos. of the degree
work, a number of new degrees which
have never before been conferred
in the Cathedral being on the pro-
gram.

Ladies Day
Yesterday was observed as Ladies
Day, wives of the members of the
Service Division serving as a com-
mittee to entertain the visiting ladies.

Various forms of entertainment were
provided, and during the afternoon,
cards were the principal diversion in
the West Lodge room. There was also
a splendid organ recital by William
E. Bretz, a member of the Harris-
burg Consistory, and noted organist.

The Dinner Club dance and pro-
gram concluded the activities of the
day, two tables being served at the
banquet, the first starting at 6 o-
clock. Arrangements for the evening
were under the direction of William
J. Moffatt, general chairman; while
Harry C. Urmon was chairman of the
entertainment committee for the eve-
ning.

Following the dinner, a program
of dance numbers was presented by
Nellie Brady's School of Dancing,
with Harry Hammond at the piano.
Over a hundred members of the school
took part.

Dancing also took place in the ball
room for those who cared more for
this pleasure, while cards were also
played.

Young Wedded Couple Found Dead In Auto, Is Murder-Suicide

Found Shot To Death

(International News Service)
GLENCOE, Ill., May 24.—Despond-
ency over ill health was blamed to-
day for a murder and suicide pact
which culminated here last night
when William Cochrane Murray, To-

four days to death and ended his own
life with a bullet in the temple.

Police found their bodies in their
automobile here where they had
parked in a favorite lovers' trysting
place on the shore of Lake Michigan.
The man's right hand clutched an
automatic pistol, and his left hand
held that of his bride.

They were identified as Mr. and
Mrs. William Cochrane Murray of
Toronto, Ont., and were registered at
a Chicago hotel. They had arrived
here Tuesday.

SUSPENDED IMMIGRATION SOLUTION ADVANCED TO REMEDY UNEMPLOYMENT

Would Bar All Aliens From

Rep. Albert Johnson, Wash-

House Committee
Favors Plan

By WILLIAM S. NEAL

WASHINGTON, May 24.—
A determined fight for sus-
pension of immigration until
unemployment conditions are
remedied throughout the
country will be made during
the closing days of the pres-
ent session, Rep. Albert John-
son (R) of Washington, chair-
man of the House Immigra-
tion committee, said today.

Encouraged by pledges of support
after he first broached the subject
to the house, Johnson indicated he
has a surprise move in prospect which
will force a house vote on the propo-
sition.

Hoover May Approve
Johnson declared his belief that
President Hoover would approve the
movement and asserted he has re-
ceived demands from all parts of the
country for an immigration mora-
torium.

"Why should we be admitting
people from any country to jobs
here in this time of unemploy-
ment?" he asked. "I think the
President will be with us. The
senate will not delay on that."

"No American citizen can go
through Mexico, or to Canada, or
to England, or to France, or any
other country that I know any-
thing about and take a job away
from a native in any one of those
countries. This is so by law."

The unemployment situation also
will be brought forward by the im-
migration committee in making a
campaign for passage of the Harris bill,
placing Mexican immigration on a
quota of about 1,900 a year. Mexi-
can immigration has run from 12,000
to 50 a year since 1925.

senate, was formally reported to the

AIR MAIL FLIER SAVES HIS LIFE BY 'CHUTE LEAP

Samuel J. Samson, Cleveland-
New York Pilot Jumps From
Plane Near Bedford, O.

(International News Service)
BEDFORD, O., May 24.—Samuel J.
Samson, New York-Cleveland air
mail pilot, was forced to leap by para-
chute from his plane near here early
today when the motor of his craft
went dead.

The flier slipped to earth safely al-
though he narrowly escaped death
when his parachute grazed a high
tension line.

The airplane crashed several hun-
dred yards from where Samson land-
ed. It burst into flames and was com-
pletely destroyed.

Samson saved the mail packets he
was carrying by dumping them over-
board before he leaped.

Samson said he took off from Cleve-
land airport about 1:45 a. m. His
plane seemed to be running perfect-
ly for the first few miles. As he
nearly Bedford, however, the motor
of the craft began to go bad, finally
stopping dead, according to the flier.

Samson said he decided to leap
rather than face the risk of crashing
into a building. He dumped the mail
pouches and then went overboard.
A brisk wind carried his parachute sat-
ely away from the disabled craft. Out-
side of being unnerved by the ac-
cident, Samson landed none the worse
for the experience.

BEVERLY HILLS, Cal., May

down on the intelligence of the
senate. The capitol building put

And both these members were

Buddy Poppy Day Being Observed

Public Generously Supporting
Sale Of Floral Emblems
For Relief Among
Disabled

Expect Proceeds To Exceed
Amount Contributed In
Past Years To V.
F. W. Work

Buddy Poppy Day is being observed locally by the Harry L. McBride Post Veterans of Foreign Wars today, and the public is according generous support to the annual appeal of the Vets for welfare work funds.

Several hundred high school girls went out from the headquarters at the Legion Home Association building this morning to canvass the business houses and homes of the city, while others are stationed at strategic points in the downtown district.

Those who are not wearing poppies are few and far between, and the post expects to realize a great sum which will be used by them for relief work among the disabled veterans of the New Castle district and their families.

A small portion of the money realized is used for the support of the Nation Home of the V. F. W. at Eaton Rapids, Mich., while the disabled men who made the poppies in U. S. Veterans Bureau hospitals, also receive their share, as a means of earning a meager livelihood.

The girls engaged in conducting the sale are being chaperoned by members of the Ladies' Auxiliary of the V. F. W. and are under the supervision of Miss Marjorie Rhodes, a member of the faculty of the Senior high school.

Mail Ballots To Members Of Chamber

Annual Election Of New Castle
Chamber Of Commerce
To Close June 2

Ballots were placed in the mail at noon today in the annual election being conducted by the New Castle Chamber of Commerce to name six new directors to serve during the next three years.

These ballots will be received by the members on Monday, and they will have the following week to choose the men whom they desire to serve on the board.

The election will close at noon on Monday June 2, after which the votes will be tabulated. Immediately following the election, a reorganization meeting will be held by the board for the purpose of naming new officers.

Crawford Oak Ridge Pleases Officials, May Secure Lease

Following their inspection of Crawford Oak Ridge, with a view to securing it as a home for children, county commissioners have taken up the matter of securing a lease with the quota club and the donor. John Crawford, commissioners were very well satisfied with accommodations that can be provided, but do not wish to purchase the equipment, unless a lease for a reasonable term of years can be secured. It is expected that within a week or ten days something definite may be announced.

VETERANS AND FRIENDS GREET BELL ON ARRIVAL

(Continued From Page One)

ish War Veterans John D. Kennedy World War veteran, representing the Reserve Officers Association, and the following World War Veterans, who composed the Legion of Honor Bugle and Drum Corps: Ivor V. Davis, Ed. Pritchard, William Merriman, Geo. Keeling, Wilbur Chapman, Sumner Rowland, George Lawrence, Leon Drumm, W. S. Teets, Earl Moffatt, Ralph Montgomery, George Bechtol, Raymond G. Clark, James A. Hewitt, and Charles E. Allen.

Mr. Bell expects to remain in New Castle until after the Pennsylvania State Encampment of the G. A. R. having come here for that purpose. He also expects to take part in the exercises on Memorial Day, and will be the guest of friends and relatives while here.

He is a remarkable man in many respects. The past 88 years of his life seem to weight lightly on his shoulders and he is full of dry humor. Although extremely tired from his long journey, he was eager to greet his friends and to go through with the program arranged in his honor.

Up Early Today
He was up bright and early this morning and paid a visit to the News office, where he told about his trip in detail.

Leaving San Diego, Tuesday morning at 10 o'clock, he flew to Glendale, where planes were changed and from there went on to Clovis, New Mexico. Arriving in the evening he was transferred to a train and took a Pullman sleeper to Wyonoka, Okla., where the trip by air was resumed the next morning, ending up at Columbus, O., the end of the air route. From there he came to New Castle by train.

Mr. Bell stated that he was accorded tremendous receptions all along the way, and at every stop newspaper photographers were out to take his picture and get a story about his trip across the country, the first of its kind ever attempted by a G. A. R. veteran.

"I'm going back the same way," he remarked, "because I have a round trip ticket. I got a little air sick on the way, but hope I will be more fortunate on the way back."

"I know what it is to be like President Hoover and try and get away from photographers. They just swarmed around me at every stop and I had to let them go ahead and shoot," he remarked jokingly.

Mr. Bell will stay at the home of J. W. Flanagan, of 113 East street, a relative, while here, and expects to go to Salem, O., tomorrow, to spend the day.

HOOVER SERVES ULTIMATUM ON TIRED SENATE

(Continued From Page One)

tally affects American defense. Is it to be rushed through?

Other opponents of the treaty echoed the charges of the Georgia senator. They asked what was the particular need of the senate's rushing its action when the other signatories, Great Britain and Japan, did not appear in a hurry to ratify.

Nevertheless, the president appeared to hold the whip-hand. He can, if he chooses, keep the senate in session all summer, which is something that no senator, whether he is up for reelection or not, desires. The senate has been in almost continuous session since December of 1928 and there is an almost school-boy desire to get away.

Not Much Opposition.
Put to a vote immediately, there would be little question about ratification. Senator Watson (R.) of Indiana, the majority leader, estimated today that "not more than a dozen senators are opposed to it at this time."

If, however, the hearings go on and continue to develop weak spots in the treaty such as have been cited by numerous naval experts during the past fortnight, the opposition might develop to such a point as to imperil or defeat ratification. It is this contingency that President Hoover foresees and wishes to avoid.

Meanwhile, Secretary of State Stimson is in communication with Great Britain and Japan, through the usual diplomatic channels, seeking clarification of article XIX, concerning which there have been conflicting interpretations.

Question Raised.
A number of admirals and senators have raised the question as to whether under one construction this article Great Britain would not be permitted to replace her 6-inch cruisers with 6-inch.

Secretary Stimson was unable to satisfy senatorial questions in this regard, and now seeks to clear up the matter through an exchange of letters.

Whether President Hoover's cracking the whip is going to have any effect in speeding up the hearing remains to be seen. The committees recessed over the week-end and will resume Monday. Next week probably will determine whether there will or will not be a special session.

MYSTERY ATTENDS DISAPPEARANCE OF WOMAN AND AUTO

make a brief visit here and then go to Niagara Falls.

As they neared East McKeesport, just outside this city, their automobile broke down. Kirk left his bride in the car and walked into East McKeesport to find a towing company.

Samuel Wolf, Jr., an East McKeesport undertaker, offered to take Kirk back to the car and bring the bride to his home to remain until the car was repaired.

Wife and Car Gone.
When Wolf and Kirk reached the spot where the stranded car had been parked, the car and the bride were gone.

The distraught husband called police of nearby towns. There were no clues as to how the broken car had been repaired and driven away, and a fine comb search of surrounding hills was decided upon.

No traces to the whereabouts of the vanished bride had been found early today.

LETTER CARRIERS ASSEMBLE HERE

(Continued From Page One)

will see the arrival of groups from more distant places and others who were delayed by work back home.

State Officers Here
State officers and committeemen of the national executive board, with leaders of the district which meets in conference here tonight, checked in early this afternoon and went into private conference immediately to place finishing touches on important business matters which will be placed before the carriers tonight.

William J. Gorman of Brooklyn, N. Y., member of the carriers' national executive committee and one of the principal speakers tonight was one of the first to arrive while John Quay, of Meadville, national state vice president; Chris J. Halberstadt, Philadelphia, president of the Pennsylvania Association of Letter Carriers; Harry J. Kinzler, of Pittsburgh, first state vice president, and D. P. Daugherty, of Harrisburg, secretary of the state association, arrived soon after.

Clifford Roberts, president of local branch 22 headed the reception with other officers and a special reception committee on hand to greet the guests. Headquarters were established at The Castleton, where officers of the organization are being quartered.

Formal greetings will be extended to the delegates by the Hon. Fred L. Rentz, who will speak in behalf of the city in general. The local branch as well as district officers will also greet the visitors.

Plan State Meeting
Chief among the matters billed for consideration tonight is the annual state convention of carriers, which meets next Labor Day in Erie.

Election of new district officers to serve during the coming year will also occur during the evening. Officers now in service are as follows: W. M. Carroll, Erie, president; William E. Clark, New Castle, vice president, and J. S. Robinson, of Johnsonburg, secretary.

Presiding over the entire evening's program will be District President Carroll, of Erie.

Featuring the program tonight will be the special program of musical entertainment to be presented by New Castle talent.

Following adjournment a buffet luncheon will be served, with committee of local carriers in charge.

Postmasters from many different cities will attend, leaders here report. More than 50 invitations were sent out and many in their reply cards signified their intentions of coming.

Postmaster E. W. Crawford and Assistant Postmaster J. G. Leslie of the local office will be invited along with the clerks and every other employee of the local office.

FURTHER DELAYS TO TARIFF BILL THROUGH ERRORS

(Continued From Page One)

sweetened frozen cherries on the free list; the senate made them dutiable at 2 cents a pound; by error the conferees changed their classification and made them dutiable at 9 1-2 cents a pound.

3. Rayon—By injectin the words "synthetic rayon" into several paragraphs, where the conferees raised the senate rates, they put higher rates on this product than either house or senate permitted.

4. Watches—The conferees, in rearranging classifications of watches, placed higher duties, than either house or senate voted on some of the cheaper grades of watches. The compromise schedule was highly technical and only tariff experts located the mistakes.

Agreement Made
The conferees however were agreed on the two outstanding administrative disputes between house and senate. One agreement eliminated the debenture entirely from the bill while the other drafted a new flexible clause, modifying president Hoover's powers to raise on lower tariff duties. The new flexible feature would make the U. S. Tariff Commission a bi-partisan, fact-finding, rate-fixing body, whose recommendations the president could either approve or veto but not change.

Democratic and insurgent leaders were ready to fight final passage of the bill in the senate but administration leaders were hopeful of securing the necessary majority to enact it.

Armed Guards At Bill Hart's Ranch

(International News Service)
NEWHALL, Cal., May 24.—Armed guards today were thrown around the home of William S. Hart, former "two gun hero" of western films, now living in retirement in his million dollar ranch-estate, following a midnight visit to alleged ranch raiders.

The murder early this week of Albert Horton, wealthy ranch reclus at his home near Hart's estate, was believed linked with an attempt on Hart.

Hart rose from a sick bed, seized a rifle and drove the intruder away in the night, police were informed. A companion of the prowler was heard talking in the darkness, Hart reported.

This was exactly the manner in which the slayer of Horton and his unseen companion behaved.

STAR LORE MOON'S EXTRA JOURNEY TO NEW MOON

By Arthur DeV. Carpenter
The moon makes a complete revolution with reference to a given star, i. e. it holds the same position again, with reference to that star, in 27.321 days. But requires 29.53 days to journey from new moon back to new moon again. So the difference between one finished orbit of the moon and the orbit from new moon back to new moon is 2.21 days.

The explanation: The earth rushes forward—eastward—in its orbit around the sun 18 1/2 miles a second, and so is constantly changing its relative position to the moon. The moon to get between earth and sun again, has 2.21 days of extra travel.

MRS. MUMBULO IS CONVICTED IN ERIE ON SECOND DEGREE

(Continued From Page One)

asleep in her bed in the Mumbulo apartment here.

Husband Faces Trial
Her husband, Ralph Mumbulo, probably will go to trial on a murder charge in connection with his daughter's death in September.

Mumbulo and his wife were charged with having conspired to kill the girl, Mumbulo's daughter by his first marriage, in order to share in a \$6,500 legacy left the girl by her mother.

The girl was killed last March. Mumbulo and Edna Deschunk were married one week later in Montrose, Pa.

The case went to the jury at 5:10 o'clock last evening and the verdict was returned at 3:30 o'clock this morning.

10 to 20 Years
After the verdict was read Mrs. Mumbulo was led back to her cell in Erie county jail to await imposition of sentence. Under Pennsylvania law conviction on a second degree murder charge carries with it a sentence of from 10 to 20 years in prison.

The trial of Mrs. Mumbulo was featured by opposing expert testimony as to whether a match spark caused by friction while Mrs. Mumbulo was cleaning a silk dress with gasoline could have started the fire which claimed Hilda's life.

The state contended Mrs. Mumbulo, who was uninjured, could not have escaped being burned had she carried a pan of flaming gasoline from the kitchen of her apartment into the child's bedroom and attempted to throw it from a window as she claimed.

Defense counsel countered with expert testimony that although the distance from the kitchen to the bedroom window was only six feet, experiments had proved a pan of flaming gasoline could be carried 96 feet without burning the person carrying it.

house today by the immigration committee. Requests also were placed before the rules committee to add the bill to the house program.

The Japanese immigration question was opened again when Johnson announced that "in due time" he will offer an amendment to the 1924 act giving Japan her proportionate quota of immigrants under the 1924 act.

The proposal was advanced by Johnson to quiet resentment which has smoldered in Japan since congress voted exclusion.

While the amendment would not materially affect Japanese immigrants—the quota under the National Origins law being figured at about 180 a year—it would remove charges of discrimination

SURPRISE PARTY HONORS BIRTHDAY

A number of friends and relatives gathered at the home of William A. Bailey of 804 North Mercer street Thursday evening in surprise fashion to celebrate his birthday.

Contractors Will Be Given Severe Question Grilling

Investigate Alleged Dealings Between Attorney Harry Curtis And Contractors

(International News Service)
CHICAGO, May 24.—Questioning of further building contractors and witnesses was resumed today as the State's Attorney's office continued its investigation of alleged dealings between several contractors and attorney Harry K. Curtis, son of vice president Curtis.

While seven contractors were questioned yesterday Curtis informed State's Attorney Johnson Swanson that his relations with the building men were strictly legal and in no manner a violation of law. Several testified that they had made payments, but only for legal fees. They denied having paid in return for promises to help them get government contracts.

Harry Guy testified he had been approached by one "Mike" Malloy, but that when Malloy learned he did not handle contracts above \$25,000, negotiations ceased abruptly.

Attorney Curtis denies that he authorized Malloy to suggest that he possessed any influence by which he could help contractors obtain government building jobs.

St. Mary's Choir To Sing New Ave Maria

Composition Of Garth Edmundson And Dedicated To Father Clifford

The choir of St. Mary's church as organized and directed by Rev. Fr. P. S. Clifford during the past three years boasts an extensive repertoire of Church music. In the studies of The Ave Maria, such celebrated composers as Luizli, Cherubini, Yon, Rosewig, Loesch and Kahn have been selected, studied and presented.

Sunday morning at the eleven o'clock mass, a new Ave Maria will be sung at Offertory by Andrew DeLorenzo. It was composed by Garth Edmundson, organist of the First Baptist church, and has been dedicated to Father Clifford.

Prof. Leslie Is Honored Friday

Parents-Teachers Have Reception For Retiring Principal Of School

NEW PRINCIPAL IS INTRODUCED

One hundred and fifty members and guests of the West Side Parents-Teachers Association attended the fitting farewell reception given last night in honor of the retiring principal of the school, R. G. Leslie, in the beautifully decorated rooms of the West Side building.

For a period of 17 years Mr. Leslie has served at the West Side building. At the close of the present term he will relinquish the position to devote his entire time to the Highland and Arthur McGill buildings. Featuring the program last night were specialty dance numbers, harmonica, banjo and vocal duets and a variety of other numbers prepared by a special committee of the association.

The complete program follows: Tap dance singing, led by Billy Williams.

Song, "Moonlight and Roses", Billy Williams.

Duet, "When You Are Happy", Myrabeth May and Frances Morrissey, accompanied at the piano by Jeanne Bloomer.

Reading, Eleanor Heckart.

Banjo and harmonica duet, different P. F. A. songs, Ernest Black and Francis Shoaf.

Parody on "Sidewalks of New York", dedicated to Mr. Leslie, led by Billy Williams.

Vocal duet, Henry and Thomas Grittle.

Amos and Andy comedy act—Gordon Thomas and Henry Schuler.

"Stein Song", Billy Williams.

Banjo and harmonica duet, Ernest Black and Francis Shoaf.

Immediately at the close of the program Charles Colnot, in behalf of the West Side association, presented a beautiful reading lamp to Mr. Leslie, citing the splendid work that he has accomplished during the years of his principalship there.

In a brief but fitting way Mr. Leslie responded to Mr. Colnot, stating that he regrets leaving the West Side group of parents. He commended the parents and teachers of the school for their genuine loyalty and hearty support, citing the close cooperation that has existed during the time he has served at the school.

L. C. Black, Mr. Leslie's successor, has only hope is that he can carry on the work as efficiently as Mr. Leslie has done it, and with the same spirit

of co-operation of the parents and teaching staff.

Superintendent C. C. Green of the New Castle schools, present as a guest, was the last speaker. He praised Mr. Leslie for the excellent work and congratulated the parents on having so fine a principal. His talk was a novel one, based on points formed by the letters of the word Leslie. He mentioned them and commented on each. L stands for loyalty; E for energy; S for stability; L for learned; I for intelligence and E for erudite. The remarks of Dr. Green were most appropriate.

In the receiving line last night were Miss Minnie Tucker, Miss Martha Matthews, Miss Theresa Cover, Miss Obette Hodgkinson, Mrs. Chauncey Davis, Mrs. Charles Colnot and Mrs. Earle E. Sweesy.

Special guests in attendance included Dr. and Mrs. Green, Mr. and Mrs. L. C. Black, Mr. and Mrs. R. G. Leslie, the honor guests; Miss Olivia Griffiths and Miss Helen Maxwell.

Credit for the success of the evening is due in a large measure to the efficient work of Mrs. Chauncey Davis, president, and her committee, along with those who participated in the program of entertainment.

Refreshments were served at the close of the evening by a committee chaired over by Mrs. Frank Turner. Those who assisted were Mrs. J. Winder, Mrs. George Glass, Mrs. William Caldwell, Mrs. George Kennedy, Mrs. J. L. Covert, Mrs. William Murphy, Mrs. Harry Buckley, Mrs. J. White, Mrs. Hall and Mrs. Floyd Nowling. Betty Edwards and Jeanne Bloomer poured coffee during the evening.

Ex-Congressman Is Found Dead Today In Chicago Club

(International News Service)
CHICAGO, May 24.—Former Congressman C. C. Ireland, of Peoria, a member of the National Order of the Shrine, was found dead today in his room at a fashionable athletic club here.

Heart disease was believed to have been the cause of death.

Ireland came here from Peoria on a business trip. He served two terms in congress and was state insurance commissioner during the administration of Governor Small.

According to friends at the club, Ireland had been in poor health for a year, and was injured in an automobile accident a few months ago.

Ireland served in congress from 1918 to 1922. He was a dry, and was defeated for re-nomination by the present Peoria congressman, William E. Hull.

At last count there were 48 of the United States, each of them confiding that home-grown strawberries are best.

THE TOWN DOCTOR

"DOCTOR OF TOWNS" SAYS

DON'T BLAME YOUR LUCK—IT MAY BE YOUR LOOKS

Not long ago a community of some twenty thousand people took it upon themselves to interest a manufacturer in placing a branch factory in their city. They gathered much information as to transportation, accessibility to raw materials, labor, power rates, etc., and placed the matter before the manufacturer, together with full and complete plans of the property they desired to sell. They interested this manufacturer, in fact, much more than they realized.

This manufacturer, being a 1930 business organization, secured the services of men trained in analytical work, and had them "look the town over" before a definite answer was given.

A report of the findings was made and in due time the city was notified, in a gentlemanly manner, that due to "certain circumstances and conditions" they, the manufacturers, would not "at this time" be interested.

The "certain circumstances and conditions", as evidenced by the check marks of the report, should be a lesson to every community in the country. When this manufacturer returned the report to the analysts the following excerpts of various paragraphs were red penciled:

Business district ordinary; no building ordinance; streets paved but dirty; no regulation of store location signs; hallways and stairs to second stories dirty and unkempt; city administration building run down to near state of dilapidation; free privilege of billboard erection; no ordinance on building wall signs; vacant lots within confines of business district used for junk yards and dumps.

Report showed that of scores of people, contacted more than 80 per cent, stated they preferred to trade with local stores but only five per cent confined their purchases to them. Reason for which was, first, lack of merchandise; second, indifference of stores and store help to their likes and dislikes. Three lines of standard merchandise were not carried, and because of this, report showed that the citizens who were required to purchase these lines out of town, also purchased merchandise that was carried by local merchants.

Not only did the report show this fact, but it proved conclusively that local merchants and merchants' associations knowingly had allowed this condition to exist for years without making any effort to correct it.

The report further showed that the people in general were contemptuously familiar with both the advantages and the oppressive ugliness of the community. That civic pride was evidenced in a passive manner only, and that by far the majority of the citizens contacted stated it would be a "good thing" to arouse the interest in the community but added "there's not much use."

Approximately 90 per cent of the business people contacted bewailed the fact that there was lack of employment, therefore lack of business; yet only 10 per cent were willing to spend either time or money to make the community attract by the elimination of those things that repelled.

When asked why the community had not secured new industry, three of the so-called leading citizens gave "tough luck" as a reason, but the notation made by the manufacturer on the survey report stated: "This town does not 'look good' to us".

IT'S THE TASTE, of course—and there's a lot of difference between mildness alone and mildness with taste . . . between ordinary tobaccos and quality tobaccos . . . between ordinary blending and the Chesterfield blend.

TASTE A CHESTERFIELD!—Mildness is there, of course, but much more . . . delicate richness, fragrant aroma, and—"TASTE above everything".

We state it as our honest belief that the tobaccos used in Chesterfield cigarettes are of finer quality and hence of better taste than in any other cigarette at the price. LIGGETT & MYERS TOBACCO CO.

The Significance Of Pentecost

Our views of the Significance of the Day of Pentecost are entirely dependent upon our estimate of the value of the church of Jesus Christ. There is no denying the fact that for many centuries the church has been the most influential institution in the world, and, in spite of the development of modern science, the church still maintains its place of preeminence in the mind and heart of multitudes of people all over the world. There is no institution that has done, or can do, either for the individual or for society, what the church of Jesus has done and is still doing. If, then, the church is as important in our life as we grant it to be we surely should be interested in that day which marks the beginning of this great Divine institution. The Day of Pentecost is the birthday of the church and as such it should never cease to be observed in a fitting manner by all Christian people. Remember the date—June 8th.

Peter's Adventures

HE HAD TO TALK TO HIMSELF. The truth was Peter did not trust Brown Water Beetle as much as he should have. He knew the fellow resolution is more frequently broken than kept, and he had heard stories of Brown Beetle's bad temper. So, when the Great Water Beetle dove out of sight, Peter trusted to luck they had taken down enough air with them so that they could stay below the surface of the water for some time. A splashing suddenly interrupted Peter's thoughts. Down the pool to the right appeared a swimmer. Unless his senses deceived him it was Brown Beetle, returning. A moment more and Peter knew beyond any shadow of a doubt it was the very fellow. The timid Great Water cousins had disappeared not a second too soon. As he swam nearer the boy could hear the Beetle muttering to himself. "Queer, but my eyes must have been playing tricks upon me. I remember that clump of grass and I could swear there floats the same water-lily—as I swam by before that fat Dragon-Fly was basking in the sunlight of the lily's petals. But what has become of that strange thing I saw near the shore in the water? I wonder what it could have been? Another monster to dispute with me the rights of the pool? Grr! If this be the truth then it is well he has taken himself off. But no, it didn't look like an insect at all, it lay so motionless upon the surface

of the water. I wonder if that fellow who scared me half out of my wits will be waiting for me? I hope so. He seemed a good sort of a chap, but for all of that there was a look in his eye that made me think maybe he was not to be trusted. But I shall watch my swims. Whatever he's up to, he needn't think he can fool me. Brown Beetle had a habit of talking to himself and the reason was he had to talk to himself or to no one. All of the other insects were afraid to come near enough to listen to him.

Rev. F. W. Fraser At Central Church

Poland, O., Man To Preach Here Sunday Morning And Evening

Rev. F. W. Fraser of Poland, Ohio, will preach at both services tomorrow in the Central Presbyterian church in the absence of the pastor. Rev. Mr. Fraser did his post-graduate work in Yale and Harvard Universities where he had a fellowship. He is the Stated Clerk of the Mahoning Presbytery, a man of marked scholarship and of splendid preaching power. Many people have heard his radio talks out of Youngstown. This appointment has been made possible because of the close friendship through the years with the pastor of the Central church. Many will seize this opportunity of hearing him with great pleasure. His subject for the morning service is "My God and I" and the evening "Carrying Sin to a Solitary Land."

To Build Addition To School Building At New Wilmington

Governor Fisher To Fill Vacancies In County Courts

Five Counties In State Without Judges Until Appointments Are Announced

(International News Service)
HARRISBURG, May 24.—Existing judicial vacancies in five counties will be filled by appointment as soon as the members of the bar in each can agree on the most deserving candidate, Governor John S. Fisher said Friday. One of the first to be filled will be the vacancy in Potter county. Robert R. Lewis, secretary of the commonwealth and formerly a leading member of the bar in that county has been mentioned as a possibility for the judicial honors. There are also two vacancies in Philadelphia, one in Allegheny and one in Bucks. The resignation yesterday of Justice J. Fran Graff from the superior court bench creates a vacancy which can be filled by appointment until next January. Governor Fisher refused to say whether he would appoint Judge John B. Drew, who defeated Judge Graff for the Republican nomination.

Weekly Letter

Monday, May 26, 1930. The Castleton 12:15 to 1:30 P. M.

Fellow Rotarian: Many years ago, our club originated the plan of inviting the old soldiers to an annual Memorial Day program. As many as 60 of these Boys of '61 would be present. As the years passed this number gradually decreased until the last few years it has only been 10 to 20, who were honored guests on this day. We are again inviting these veterans to be our guests on Monday when they will be addressed by Hon. James A. Chamberlain. We ask that you make a special effort to be present as we will probably have few more of these annual programs. And may we call your attention to the need of subscribing to the G. A. R. convention fund. If you have not already done so, call the secretary at once. You will never again be called upon to donate to such a fund. Be sure to have the honor of donating to this one, now. Twenty-fifth anniversary convention Rotary International, June 23-27, 1930, at Chicago, Ill. CARL E. PAISLEY, Sec'y.

Says Europe Foresees War

Publisher Declares That Nations Of Europe Are Preparing For War

GERMANY WANTS TERRITORY BACK

By DAVID P. SENTNER
International News Service Staff Correspondent
Copyright, 1930, by International News Service
NEW YORK, May 24.—Europe is preparing for another war. Statesmen are talking peace, peace, peace but the common people are thinking in terms of intense nationalism.

The general feeling in Europe is that the London naval conference was a "flop".

These are the grim impressions brought back from Europe today by Horace Liveright, well known publisher, who talked to the heads of various governments and "felt the pulse" of the common people.

"Everywhere I went the feeling seemed to be that another war is inevitable," said Liveright, in an exclusive interview to the International News Service.

"In each country I visited the people seemed to feel that they had to be the ones to be ready for the next struggle."

"The horrors of the great war appeared to be completely forgotten," Liveright visited France, Germany, England and the Scandinavian countries.

"I was never so appalled at the intense spirit of nationalism manifest," he said.

"The cabinet members with whom I talked chatted of peace but the measurement of their conversation was by the yardstick of nationalism."

"But one obtained even a better feel of the situation from the man in the street—the taxi driver, the hotel porter, the worker."

"France hates everybody. She is insanely jealous of the United States. Germany is not supposed to have an army."

"But I have every reason to believe that every able bodied youth in Germany is getting military training. Every young boy there is a member

of a hunting club. They drill regularly and practice shooting and the League of Nations can't do a thing about it."

"Germany is hungry to get back what she has lost."

"And Scandinavia is the outstanding example of burning nationalism. The Danes hate the Norwegians and the Swedes, the Swedes hate Norway and Denmark, and Norway hates Sweden and Denmark."

"Norway is changing her language as rapidly as possible so that their daily literature will not have any Swedish or Danish flavor."

"England is the most pacific of all the countries I visited."

Liveright said that C. J. Hambro, president of the Norwegian parliament and Norway's representative in the League of Nations, was the outstanding proponent for international peace in Europe today.

Regarding the London naval conference, Liveright said:

"Everyone seemed to feel that the conference was a flop. I did not talk to anyone, statesman or hotel worker, who didn't consider it was a failure."

"Of course, the statesmen always modified their statement by adding that the conference was a step in the right direction."

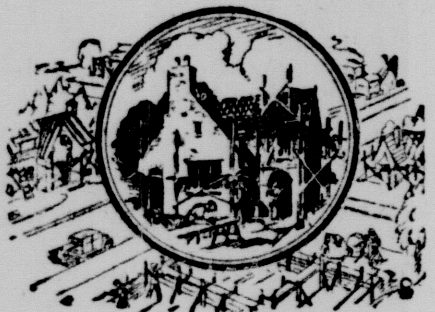

Three Injured As Machines Collide

(International News Service)
PHILADELPHIA, May 24.—Three men were hurt, one seriously, when an auto driven by Roland E. Johnson, 17, of this city, crashed into the car of Martin Vogel, 36, of Elkins Park, here early today.

The injured: Nicholas Markowitz, 19, of Elkins Park, who suffered a fractured skull; Gotfried Ruzicka, 19, and Vogel, both of Elkins Park, received minor injuries. Both drivers were arrested.

Capt. J. J. Sweeting Dies At Braddock

Word was received here today of the death of Captain J. J. Sweeting, head of the Carnegie Police force at the Braddock Works. During 1918 Captain Sweeting was stationed at New Castle, while Captain C. B. Phillips was located on Neville island. During his service here he made many friends who will regret his passing.

Planning To Go To Hollywood

WILLA GREY

Among the Broadway productions that have been successful in New York the past season was "Berkeley Square" which played a long run in the Lyceum Theatre. Featured in the cast of the play was Willa Grey, better known to New Castle people as Mrs. George Fogle, formerly Miss Willhelmina Nothdurft, a daughter of Mr. and Mrs. John G. Nothdurft, of Centennial street.

In "Berkeley Square" Miss Grey played opposite Leslie Howard, famous English actor who has been in America for some time. With the closing of the play Mr. Howard will go to Hollywood where he will make a talkie. Miss Grey with her husband will accompany Mr. Howard and will probably have a part in the same production.

In her high school days here Miss Grey was one of the dramatic pupils whose work is still remembered. Later she attended a school of dramatic art in Minneapolis, Minn., and then entered the professional field. As a member of the Robertson-Smith Players she was seen here in many stock productions, and prior to that had appeared in George Bernard Shaw's "The Devil's Disciple." Her success in her chosen field is gratifying to her friends here.

Continue Campaign To Lessen Emphasis On College Sports

(International News Service)
NEW HAVEN, Conn., May 24.—The Yale student body represented by Yale Daily News continued the campaign to lessen the emphasis placed on athletics.

In an editorial The News declared: "Any move on the part of Harvard, Princeton and Yale to make their sports events less elaborate, and especially in the case of football, less of a business and more of a pleasure, is to be welcomed. Let us have an end to judging athletic morale by number of victories."

Motor Stocks Show Strength

General Motors Group Shows Most Pronounced Advance In Short Session Today

By W. S. COLINS
International News Service Financial Editor
NEW YORK, May 24.—The best records in the dull and featureless week-end market were made by the motor stocks and accessories, with activity and strength in the General Motors group most pronounced. Electric Autolite sold up about 2 points and Chrysler was well bought a point above Friday's close. Railroad stocks required little outside buying to force prices of the best-known shares in this group 1 to 2½ points higher.

Industrial reports at the week-end offered little in support of a decided recovery in business, but financial leaders were confident that business has turned the corner and that comparisons within a short time will contain more plus signs and fewer minus signs.

Heavy buying of General Motors, in blocks up to 20,000 shares, was responsible for the advance in that stock to 32½, a new high on the move. DuPont, a large holder of General Motors stock, rose 2½ to 133. Briggs and Yellow Truck, in the General Motors family, were in good demand, the former advancing nearly 3 points to 24½. United States Steel closed fractionally higher, at 712 and Westinghouse was up 1½ at 178. Stock sales totaled 959,000 shares.

Seek Solution Of Strange Case, Two Die From Wounds

Woman Is Found Dead With Throat Cut, Man Found With Throat Cut Dies In Hospital

(International News Service)
POTTSVILLE, Pa., May 24.—Another unsolved killing confronted police today when Henry Noll, 35, of Williamstown, near here died in a Pottsville hospital.

Noll, his throat cut so deeply he could not speak, was found wandering along the highway near Williamstown, Tuesday afternoon. He wrote a note, however, telling where the body of his housekeeper, Mrs. Jennie Leitzel, could be found. He wrote that they had been walking through the mountains when they were attacked.

Mrs. Leitzel's body, with the throat slashed, was found in the spot indicated. Later Noll is alleged to have confessed that he committed the murder but later repudiated the confession. Although he was expected to recover, the shock of learning that state police were keeping guard over him is believed to have induced a collapse which today ended fatally.

So far as is known, there were no eye witnesses to the tragedy and it seems destined to go among the unsolved murders.

Contracts Let For Biggest Liners To Ever Be Built Here

(International News Service)
NEW YORK, May 24.—Contracts were let today for two of the largest liners ever built in this country.

The two ships of 30,000 gross tons each and costing \$21,000,000 apiece will be built by the New York Shipbuilding company for the United States Lines.

Paul W. Chapman, president of the United States Lines signed the contract. He announced that the two vessels will be rushed to completion in the shipyards at Newport News. One of them is expected to be launched in July 1932 and the second four months later.

USED CAR VIEWS

With the woods and streams beginning to beckon the city dweller, picnics and days in the country are in order. Some suitable car is necessary.

No form of pleasure is quite so economical as a medium priced car which makes all these things available. They bring health as well as happiness.

Shenango Motor has placed several good cars for just such a purpose. Cars are first-class in condition and financing has been so arranged that as little as \$25 down and \$5 per week pays for them. Some others may be purchased for \$15 down and \$5 weekly.

Now there's no excuse to be without a car.

Come in early before they are all gone.

Several small trucks have been made available for purchase under the same plan. It's easy to make payments this way, too.

Lots of men whose employment is unsteady have availed themselves of this rare opportunity to help make some extra money. And then for an occasional day of pleasure in the country the truck is used to haul the family and friends. Strange as it may seem, lots of folks in trucks have more fun than some other people in fine cars. Shenango Motor Company is open every evening till 9 p. m. at 210 West Washington St.

Japanese Question Causes Split In Ranks Of Congress

(International News Service)
WASHINGTON, May 24.—Modification of the immigration laws to give Japan its proportionate quota in an attempt to allay that country's resentment against the American exclusion policy, divided congressional delegations from the west coast today.

Heralded on one hand as a necessary move to cement friendly relations with Japan, was assailed because it will reopen an old controversy and perhaps precipitate a bitter fight in congress.

Polish Groups To Mark Anniversary

Polish civic and patriotic organizations of New Castle will unite on Sunday afternoon for a joint service at the Polish Falcon hall, 105 West Miller street, to fittingly celebrate the 139th anniversary of the adoption of the first Polish constitution. The program will start promptly at 2 o'clock.

A. M. Oetkiewicz, of Pittsburgh, consulate of the Republic of Poland there, will be the principal speaker during the afternoon.

A large attendance of Polish men and women is anticipated.

President's Party In Fishing Camp

(International News Service)
PRESIDENTIAL FISHING CAMP, Va., May 24.—President Hoover and his party arrived at the camp here on the Rapidan River in Shenandoah National Park at 10:30. The sky was overcast and Mr. Hoover and his companions lost no time in donning their fishing togs and getting out into the stream.

Airport Is Moved In Butler County

(International News Service)
BUELER, Pa., May 24.—The Hoch airport is being moved from the Weiss farm on the Butler-Petersville road to the Robinson farm on the Butler-New Castle road. The port is the original air field of Butler county, having been first used by Robert Headland and others of Butler about five years ago. The necessity of having a field that complied with Federal requirements is given as the reason for the change.

Student's Idea Of Clean Fun Is Not Appreciated

So President Of Teachers College At Slippery Rock Sends Him Home; All On Account Of A Year Book

SLIPPERY ROCK, May 24.—John T. Brooks was to have received his Bachelor of Science degree from Slippery Rock Teachers' College here Tuesday, but he won't because his idea of what constitutes a sense of humor and the faculty's are a little divergent. Brooks was editor of the "Saxigena" college annual and he predicted that this year's edition would be one of the most unique in the history of the publication and cause "quite a sensation." It was and did.

Twenty four hours after the book was issued, Brooks, suitcase in hand, was started for Chambersburg, his home, from school, and the college officials frantically were trying to gather in the volumes to destroy the feature section which as Mr. Brooks fondly hoped, had created "quite a sensation."

When members of the faculty opened their books to this section they were amazed to see pictures of themselves on the nude bodies of babies floating around the pages like so many cherubs. The dignified

face of the dean of women was attached to the body of an infant from a baby food ad. The school nurse, professor of music and the professor of health were depicted similarly. The professor of education gazed upon himself as a plump bathing girl. So did several others.

On another page the faces of a young man and co-ed student peeped over the top of a bathtub—a piece of humor which the faculty failed utterly to appreciate and proved to be the last straw.

Brooks was summoned to the office of Dr. J. Linwood Eisenberg, president of the college, and asked to withdraw as the faculty could not condone his work on the year book.

The teachers just didn't seem to enter into the spirit of the thing, Brooks says. His only intention was to have a little good, clean fun and not to offend any one. He departed for home wondering how his father, a professor of secondary education in Wilson college, would accept this explanation.

Surgeon Is Held On Charge Of Mayhem

(International News Service)
BERLIN, May 24.—Dr. Ernest Nitzsche, a surgeon of Nuremberg, was sentenced to one thousand marks and 20 days in jail, because, during an operation performed on a girl patient, he removed the latter's appendix without the patient's knowledge or consent.

Dr. Nitzsche claimed that the removal of the appendix was the rule with operations of the kind performed on the girl. A medical expert testified that the removal would not have been necessary and since the patient testified that the operation had not done her any good and that she would never have consented to the removal of the appendix the court

ruled that the surgeon was guilty of mayhem.

Surgical circles are very much aroused over the verdict, predicting the possibility that in the future many operations will have to be broken off to get the consent of the patient for surgical measures, which proved necessary in the course of the main operation.

Policeman Halt Sale Of Bottles

(International News Service)
ST. LOUIS, May 24.—Chief Gerk's police department here has decided not to sell any more bottles and corks, attached in liquor raids.

The supreme court recently ruled that this practice had to halt. The proceeds of the sales had gone to the Police Relief Association.

Northwestern's Most Beautiful

Here is Miss Esther Ohsud of Chicago, who has been selected as the most beautiful co-ed in the senior class of Northwestern university, at Evanston, Ill.

The Woman's Club — Organized in 1837.

"GOD COULDN'T BE EVERYWHERE, SO HE MADE MOTHERS."
In this proverb, even the pagan recognizes in the mother, a God appointed guardian of the race.

Our own city knows no greater need than just such guardianship or mothering—for our homes, for our schools, for our recreations and for our public housekeeping. To aid such work is the aim of this column.

Home and School Organization by Mrs. H. W. McKee, Jr.

A desire on the part of parents to make their parenthood more intelligent, more efficient and of the high organization of the National Congress of Parents and Leaders. This organization was formed in the year 1897, and was first called the National Congress of Mothers. Their chief object was to reach in a helpful and intimate way the two institutions exercising the most direct influence upon their children: Home and School.

Continuous Education for Parents is one of the slogans of the organization. The best current thought and reliable knowledge on child development are available through the publications of the National Congress of Parents and Leaders. Many of the societies offer courses in Child Study within their programs. We need only to look at the courses and time given, in our leading universities to Parent Education and Child Study, to convince us that they are now a recognized part of adult education.

There are five Parent-Teacher Associations functioning in our city and three in the county. They are the West Side school, Oak Street, Rose Avenue, Highland avenue, Arthur Magill, and the county associations are Moravia, Shenango and Union.

The objectives of the Parent-Teacher Associations are given here from the constitution:

I. Child Welfare: To promote child welfare in home, school, church and community.

II. Home: To raise the standards of home life.

III. Laws: To secure more adequate laws for the care and protection of women and children.

IV. Cooperation: To bring into closer relation the home and the school, that parents and teachers may cooperate intelligently in the training of the child.

V. Public Opinion: To develop between educators and the general public such united efforts as will secure for every child the highest advantages in physical, mental, moral and spiritual education.

"The organized parenthood of America is a mighty force for worthy homes, better schools, and finer communities."

A short program of school work is given by the pupils at each meeting. It is interesting and instructive to see the work of the History, English, Nature Study, Music, Geography and Health Departments correlated into clever little plays, in which the children experience real joy in their expression of these subjects.

Some of the stories portrayed at different schools have been:

Story of Milk (Health Play).
Who's Who in February (History).
A Bad Case of Ain't (English).
Mothers of Many Lands (Geography).
Billy's Awakening (Nature Study).
Columbus and Queen Isabella.
Good Will, the Magician.
In Colonial Days.
Important phases of Child Study and Development are a part of every meeting. A few of the type subjects for study and discussion from Association programs are as follows:

"What Kind of Homes Are We Building?"
Psychology for Parents.
Youth and Its Problems.
The Challenge of the New Leisure.
Hereditry.
The Importance of Correct Posture.
The Mental Health of the Child.
All the associations have attained worth while goals during the past year. One school purchased a set of 600 Keystone Educational Slides at a total cost of three hundred dollars, and sponsored three Christmas trees in various sections of their community. Other associations contributed generous sums to their school libraries, purchased good pictures and read. The Parent-Teacher Associations gave their united effort to the Census and Examination of the Pre-School Child, sponsored by the Woman Club, in bringing Homer St. Gaudens here to lecture. The five associations contributed money for the purchase of Good Will, Treasure Chests for the children of the Philippine Islands, sponsored by the Federal Council of Churches.

OH, THESE WOMEN!

By LEOLA ALLARD

This is answer day. Gather around me, Correspondents: To W. B. T. Chicago; and to "Contented Husband," Jonesboro, Indiana: You are right. It was a misprint. The age of the woman with 4 children was 50 and not 30. A fine pair of mathematicians you are: I am glad you wrote because I can assure you that all letters used here are real letters, but I am pledged to keep the names to myself.

"A business man" from Robinson, Illinois, wants the address of the "Office Girl" whose letter appeared here last week. Man, man! How often have I told you that I am not matrimonial agents? And you give a lock box address and no name, and ask me to reveal the lady's name and address! Don't you wear out any shoe leather running after your answer.

To S. S. Chandler, Oklahoma: You say you are a lonely bachelor of 42 and added "No middle aged widows for me." You offer to "stand behind" every word you say.

You may be all the things you say you are, but is it quite fair to expect a young girl to settle down with you? Any middle aged widow might be happy to share your troubles, but

a young woman? You seek sincere affection from a young wife—My personal opinion is that you won't have to stand behind all you said. Not unless you raise the age limit.

This letter speaks for itself. It comes from a midwest reader who was very very mad like a wet hen:

"I am surprised that you would write such things about blondes when I know some blondes that are angels. I know some blondes and some criminals. I know brunettes who have the highest type of ideals, affections and firm characters. I know brunettes who are dull, of low type and criminals."

(That girl has a wide acquaintance!)

"The color has nothing to do with the bumps in the head. Brunettes have stronger passions. Statistics show that there are more criminal blondes than brunettes. They are colder blooded."

signed, A Reader

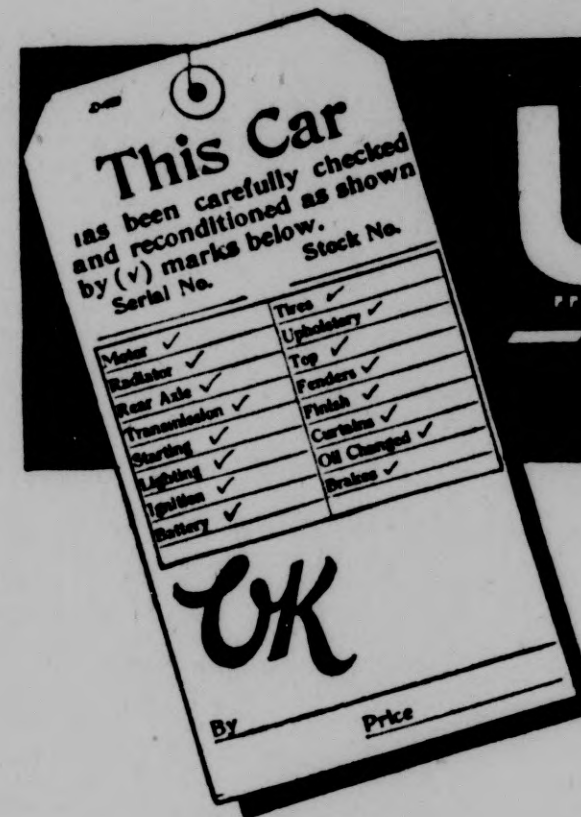

When I wrote about blondes I had in mind the fact that a brunette's ideas are usually her own but a blonde can be reasoned with.

Serve Warrants On P.O. Electric Company Workers

City Solicitor Claims Street Opened Without Permit From City

Henry Dysart, inspector, city legal department, late yesterday served warrants on nine employees of the P. and O. Electric railway and they have posted bond for a hearing before Alderman Hamilton. They are charged with having opened a street without having secured a permit from the city.

Before a hearing is held however, the problem will be given thorough consideration by city council Monday.

C. C. Coulthard, superintendent of transportation declares the arrests not justified and will appear before council to represent the company.

While the company employees are charged with opening the street without a permit the squabble in itself centers around construction.

The engineer for the company and Frank Miller, city engineer, differ as to how the track should be fixed—as the street was opened for repairs.

According to the company it is proposed to pack with gravel under the ties, then cement between the ties and make a cement base for the track. The company objects, it is said by

city attaches to putting cement beneath the ties.

The point over which the controversy wages is the switch at Highland and Meyer avenue.

The section under repair is well protected by red lights, according to an inspection made last night.

The action resulted from Solicitor Robert White notifying council Friday that an excavation had been made.

He said that in view of council's objection to opening without permits, solons should take some action.

White was ordered to prepare the information which has been served.

County Agent Says To Plant Corn Right Times

Arrange Plantings So That Pickings Will Last Continuously

Sweet corn finds a place in nearly every home garden and a large acreage is grown as a market garden crop. The delicious flavor and high quality of this vegetable are entirely dependent on its freshness, according to Lawrence County Agent H. R. McCulloch. When left on the stalk a day too long or if not cooked shortly after being harvested, the quality of sweet corn may be completely lost. For this reason, it is highly desirable to arrange the plantings so that the pickings will last continuously from the very earliest possible date of maturity until killing frosts arrive.

Select Early Strains
The Golden Bantam has long been the most popular early yellow variety of sweet corn, but it is no longer the earliest variety. Golden Sunshine is a popular variety which resembles the Golden Bantam but matures several days earlier. Mr. McCulloch reports. There also are a number of other very good extra early strains. The Early Market is popular as an extremely early white sweet corn, while the Golden Early Market is an excellent yellow corn.

The Early E-green is a popular white variety of sweet corn for mid-season and late maturity. The Sunnybrook, a yellow variety in the Bantam Evergreen class, is a high quality mid-season and late variety.

Feed Liberally for Earliness
Early crops of sweet corn require thorough preparation of the seed bed, liberal fertilization, and frequent shallow cultivation. The application of stable manure and a commercial fertilizer, such as a 4-12-4, is desirable. A moderate application of fertilizer in the row, mixed well with the soil, will greatly hasten early growth and maturity. The balance of the complete fertilizer should be applied broadcast before planting. A light application of nitrate of soda, sulfate of ammonia, or chicken manure along the row before the second or third cultivation will give the plants a good green color and stimulate growth.

Daring High Wire Artists Will Thrill Circus Patrons

Direct from Europe, the Walter Neiss Troupe of high wire performers will be one of the principal features of John Robinson's Circus. These intrepid artists have appeared with the leading European circuses and in their short stay in this country have proved a sensation.

When John Robinson's Circus comes here on Saturday May 31 you will see the Neiss boys and girls in the highest part of the tent. They ride bicycles, walk in wooden shoes, do somersaults and handstands and perform many other startling feats on a lengthy cable. Miss Etta Neiss is one of the few women working in such a thrilling and fearless act.

John Robinson brings many new novelties and features for the 1930 appearance, including the superb, "Cleopatra, Queen of Egypt." This extravaganza is said to be one of the most costly productions ever staged under a circus big top, requiring fifty men to handle the electrical and scenic effects.

STOPS PAIN

From coast to coast men and women are singing the praise of "Anti-Pain Oil"—a most powerful, penetrating, pain-relieving liniment. It will penetrate thickest sole leather in a few minutes. Mrs. B. Werner, New Orleans, La., writes, "Thanks to your wonderful penetrating oil, it relieved me of Rheumatism and deep-seated cold after other remedies failed."
"I had rheumatism so bad I had to walk on crutches for nine years," says H. C. Hendrix, old soldier of Minneapolis, Minn. "After three months' treatment with 'Anti-Pain Oil' I laid off my crutches and now can walk like a boy."
J. B. Moore, Pittsburgh, Pa., railroad man, says, "Anti-Pain Oil" is the only liniment that ever gave me relief from rheumatism. I use it regularly after being exposed to bad weather. For rheumatism, neuralgia, lumbago, stiff joints, pain in back and limbs, corns, bunions, chest colds, sore throat, "Anti-Pain Oil" is said to be without an equal.

Lebert Lombardo, Orchestra Man, Is Robbed By Bandit

Lone Thug Forces Way Into
Hotel Room and Robs Or-
chestra Man and His
Wife

(International News Service)

CLEVELAND, May 24.—A lone bandit early today forced his way into the hotel room of Lebert Lombardo, one of the four Lombardo brothers of Royal Canadian orchestra fame, and robbed the musician and his wife, Carol, of \$500 in cash, and jewelry valued at \$1,600.

The holdup occurred just as the Lombardos were preparing to leave the city following an engagement at a local theatre with the Royal Canadian.

Lombardo was packing at the time Mrs. Lombardo had gone down to the lobby of the hotel. She told police that as she was returning to her room a young man boarded the elevator

and got off at the ninth floor with her. The man, she said, followed her to the door of her room. As she turned, he quickly slipped a mask over his face, drew a revolver, and roughly shoved her through the door.

Holding Lombardo at bay with the revolver, the bandit bound Mrs. Lombardo to a chair and then tied the musician.

The gunman took \$500 from Lombardo's pockets, snatched a diamond ring and brooch from Mrs. Lombardo, and then hurriedly fled through the door of the room.

MILWAUKEE, Wis., May 24.—Two Milwaukee establishments, stock of which was valued at \$55,000, were held today following the first drive in Wisconsin on malt and hops stores.

The raids were made by a squad of federal agents, under directions of W. Frank Cunningham, deputy prohibition administrator. The agents served warrants on the proprietors of the stores and took possession but no arrests were made.

Woman Leader Of Indian Rebels Is Serving Her Term

Woman, Poetess And Crusader
Brings New Crisis To
India Today

(International News Service)
BOMBAY, May 24.—A woman—poetess and crusader—brought a new crisis in India today as she began a nine months prison sentence.
Mrs. Sarojini Naidu, Indian poetess and self-styled "Indian Joan of Arc" took upon herself much of the responsibility for inciting the salt raids on the government salt pans at Dharsana where more than 600 volunteer raiders were reported injured, and went to prison.
The arrest of Mahatma Gandhi and Abass Tyabji, leaders who were succeeded by Mrs. Naidu, already had aroused the strength of the opposition against British rule in India.
Where hundreds had been the muster of the throngs, thousands swarmed. More than 200,000 "passive" opponents of the British voiced their protest against the arrest of Mrs. Naidu and the other civil disobedience leaders.
Four hundred police stemmed the tide in Bombay, but merely because the milling thousands still followed the pleas of their leaders to remain "passive" in their demonstrations.
They sang songs of defiance and patriotism.

City Officials To Inspect Lights

Will Tour City Tonight To Look
At System Changes

Mayor Gillespie and city officials tonight will accompany Louis B. Round, local manager of the Pennsylvania Power company, on a tour of the city to inspect the revamped street lighting system.
The officials will be the dinner guests of Manager Round at The Castleton at 6:30 p. m. and as soon as the curtain of darkness has descended so the full advantages of the lights

can be learned the tour will start.
The inspection trip will enter all parts of the city. A tour of main thoroughfares, secondary lanes and lesser important highways will be made.
The city made a contract with the Penn-Ohio company to cover a five years' period for the furnishing of street lights.
Plans and specifications called for many changes and the result will be learned from the tour.
Manager Round proposed the tour so that the company could remedy any situations that the council and mayor believe should be made.
The new light system in the main district now has 1,000 candlepower lights and the Long avenue district lights are 600 candlepower.
Numerous places considered "dark holes" have been well lighted and adds to the safety of not only residences, pedestrians but auto traffic.

House May Not Bar Dial Phones

Senate Orders Dial Phone Sys-
tem Taken Out; Com-
pany Perplexed

(International News Service)
WASHINGTON, May 24.—Whether the house will follow the senate in barring dial telephones from its daily scheme of things, appeared somewhat doubtful today when sudden opposition to a resolution ordering them out of the house side, introduced by Rep. Abernathy (D) of North Carolina, developed.
Rep. LaGuardia (R) of New York, thinks they are not so bad. When the question came up in the house yesterday he arose in defense of the contraption which so bothered Senator Glass (D) of Virginia, and other solons that without a dissenting vote, they ordered the dial instruments from the senate wing.
Meanwhile, the telephone company was hoping for the best and trying to analyze the city's mixed emotions on the subject. Some say the dial is a great thing and speeds up service. Others, particularly those who have to use the dial through multi-stationed private branch exchanges, such as exist in government departments and at the Capitol, say the new device slows up operation considerably.
The telephone company denied that it was throwing "permanent employees" out of work, and said when the dialists graduated from the amateur class everything would be fine.

Annual Meeting Of Membership Occurs Tuesday

Miss Allen, Of National Board,
Will Speak To Mem-
ber-ship Of Y.W.C.A.

Miss Frances Carey, executive sec-
retary of the Y. W. G. A. the board
of directors and various committees,
have completed their plans for the
annual meeting of the membership
to be held at the Y. W. C. A. build-
ing, Tuesday, May 27, at 6:00 p. m.
An excellent program has been pre-
pared and, in all probability, this
event will automatically take its place
among the most successful "Y" af-
fairs.
Miss Carey announces that Mrs. T.
W. Phillips will give invocation, after
which dinner will be served.
Mrs. John E. Elliott, president of
the board of directors, will extend her
greetings to the membership, on be-
half of the board. Miss Carey, ex-
ecutive secretary, will offer several
announcements.
A skit, "A Word to the Y's" and
some children's dances will be inter-

esting features of the program. At
this time, tellers will give their re-
ports in regard to the election of the
members of the board of directors for
the term beginning May, 1930.

Miss Mary Louise Allen, the speak-
er of the evening, will then be in-
troduced. Miss Allen is the acting ex-
ecutive of the finance department of
the national board of the Y. W. C. A.,
the headquarters of which are in New
York City.
"The Place of the Modern Y. W. C.
A. in the Modern City" will be the
subject of Miss Allen's address.
A hymn, "Father of Lights," will
close the program.

Before and after the meeting, "open
house" will be conducted. The board
of directors will act as the reception
committee. Miss Elizabeth Brew-
ster's orchestra will furnish music.
All in all, the annual meeting will
be of great interest. Every detail
has been cared for by the committee
members. There will be no long
drawn out reports—instead, the an-
nual report, printed on attractive sou-
venir booklets, will be distributed to
those attending.
Members of the association are
urged to send in their ballots and re-
gister for supper not later than Mon-
day, May 26.

Medal Awards Are Made At St. Joseph's

Legion And Auxiliary Make Pre-
sentation On Friday
Afternoon

Award of the medals of the Ameri-
can Legion and Legion auxiliary to
the outstanding boy and girl students
of grade eight of St. Joseph's paro-
chial school were made Friday after-
noon with appropriate ceremonies.
The awards were made in the pres-
ence of the pupils of grades five, six,
seven and eight of the school and the
children carried out a patriotic pro-
gram in connection with the awards.
The boy receiving the Legion award
was George Reider, while the girl to
whom the award was made was Fran-
ces Cwynar. The Legion was repre-
sented by Phil Greer and others, while
a group of members of the auxiliary
presented the award of the auxiliary.

Large Supply Of Flags Is Secured

County Commissioners have ordered
and are distributing flags and mark-
ers for graves of soldiers in the dif-
ferent cemeteries of the county. Some
idea of the large number of veterans
buried in county cemeteries may be
had when it is stated that 204 dozen
of flags were secured this year. Last
year a little under 200 dozen was or-
dered but the commissioners ran
short. The flags are being secured
by persons or committees in charge of
Memorial day work in the different
cemeteries.

Dr. Edward Jenner is called the

was only after he had heard from
milkmaids and cowboys that a per-
son once infected with cowpox was
immune from smallpox.

Woman Hit By An Automobile

Police Hear Of A Number Of
Accidents On The Streets
Of The City

Mrs. E. H. Pearsall of 1110 South
Mercer street, reported to the police
Friday that she was driving west on
Grant street at Green street, when a
colored woman, Helen Dennis, 401
West Falls street, got off a P. & O.
bus and started across the street di-
rectly in front of her machine.

She was struck and knocked down
by her machine. Mrs. Pearsall took
the woman to the office of a physi-
cian, where it was found that she
had escaped serious injury.

William Kehna of McClelland ave-
nue, reported Friday that he was driv-
ing the car of A. H. Gonick east on
Washington street behind a car bear-
ing Pennsylvania license 807KB and
that the latter car backed up and
into his machine, causing some dam-
age.

H. A. Cearfoss of 307 Second street,
reported that his machine was in a
collision with a car bearing Pennsylv-
ania license 10H66, on West Mad-
ison avenue. Some damage was done.

rooms at the school on Thursday af-
ternoon for their regular meeting. A
large number of mothers were present.
Featuring the program of the af-
ternoon was the interesting talk on
"Health and the Benefits of Toxin
Anti-Toxin," given by Miss Helen
Wilson. Her enlightening message
was well received by the members.
Interspersing Miss Wilson's talk
and the remainder of the program
were the health songs sung by the
pupils of Miss Cox's room. A health
play was also given under the di-
rection of Miss Genevieve Schugars.
Towards the close of the afternoon
plans were made for the picnic which
the mothers will hold at Bishop's
camp on the Slippery Rock creek, to
which all mothers who have ever had
children attending the Rose Avenue
building will be cordially invited.

The picnic committee is composed
of Mrs. Wilfred Thomas, chairman;
Mrs. Louis Dean, Mrs. A. Lindsey,
Mrs. Cartwright, Mrs. Ethel Ashmore,
Mrs. Harry Sager, Mrs. E. H. Hamm
and Mrs. Harry McClintock.

O. L. Bodenhamer, national com-
mander of the American Legion, was
accorded a wonderful reception Fri-
day afternoon and evening at East-
Liverpool, O., at an affair under the
auspices of the East Liverpool post.
Among the features was a parade
that took an hour and a half to pass
and in which many post bugle and
drum corps took part. The state com-
manders of Pennsylvania, Ohio and
West Virginia were present. A num-
ber of local legionnaires were present
and participated in the affair.

Veterans Fail To Provide Firing Squad At Burial

Rev. Samuel Maitland of this city,
who is pastor of the Hilliards M. E.
church has returned from Ridgeville,
Pa., where he conducted the funeral
services of John P. Thomas, age 38,
who passed away after a lingering
illness which had its inception in
service in the World War.

Mr. Thomas was a private in Com-
pany H, 320th infantry and served
in most of the major engagements

in France. There he was wounded
in action on November 1, 1918 in the
Argonne Forest. He was honorably
discharged from service at Camp
Sherman, on June 9, 1919.

While he was entitled to full military
honors at his funeral, for some rea-
son the ex-service men of Butler cov-
erlooked it, and a soldier with a bril-
liant record went to his last reward
with an entirely civilian funeral ser-
vice, and no firing squad.

Surviving are his parents, a brother,
Jacob, at home and two sisters, Mrs.
Violet Waddell of Hilliards and Mrs.
Peter Hall of near Kittanning, Pa.

Vagrancy Law In Miami Will Make It Tough For "Al"

"Scarface Al" Capone Had Better Move From Miami, Florida, Or Be Arrested

(International News Service)
MIAMI, Fla., May 24.—Over the opposition of every labor union in Miami, the city commission Friday passed a "fool-proof" vagrancy ordinance designed to rid the community of Alphonse (Scarface) Al Capone, Chicago gang leader who is spending an extended vacation here at his Palatial Palm Island estate.
The ordinance provides a fine of \$500 or 60 days at hard labor, or both, in case of a conviction. It describes a vagrant as one who has no means of visible support, or one whose means of support has been gained illegally, or a person who is "dangerous to the well-fare of the community."

Bo-Broadway by JOSEPH VAN RAALTE

By Central Press

NEW YORK, May 24.—A sixteen year old girl is the most sought after young lady in New York. She received an average of a dozen proposals a month from young men who ask for her hand in marriage, in person and by mail. Further, these proposals have been coming since she was ten years old, when it was known that some day she would be one of the richest women in the world.

She is Doris Duke, heiress to the Tobacco King's millions.

The Metropolis of all the Universe—as some folk would have New York pictured—is the last city of size to abolish jaywalking. The police have decided that no Manhattanite dashing madly for the nearest speakeasy can get there by any route other than the regular street intersections, and only when the green signal is on.

Jaywalker's Union No. 1 is all excited and the members say the next thing, the police will be putting lights on their coat-tails.

LOST AND FOUND

Absentminded New Yorkers and visitors flood the Lost and Found departments of the subway lines with a strange assortment of articles. About 400 items are recorded every day, half of which, at this time of year, are umbrellas. Everything from patent medicines to rattlesnakes comprise the rest of the list.

A quick look the other day in the bins of the department disclosed flasks of liquor, saxophones, crutches, shaving mugs, thermos bottles, paint-

ings, diapers, false teeth, odd shoes, gas masks, tools, scissors, razors, cooking utensils, dentists' kits, a still, and other whatnots.

One man left \$40,000 in bonds on a car. He called for them.

Another left a kit of burglar's tools. He didn't call.

MODERN

Dr. Russell Morse Brougher, pastor of the new Baptist Temple here, believes one should look on the bright things of life. And he doesn't care if the bright things are the rouged cheeks and lips or short skirts of women.

The doctor told his congregation last night that God loves the beautiful, and every woman "should look as beautiful as possible," without becoming vulgar.

Evidently the doctor does not hold that rouge and knees are a bar to Heaven.

The "Ain't That Disgustin' Club" will now come to order.

WINDFALL

Down on the Bowery the "other day they told me of a windfall that had come to the keeper of a "flop house" as the cheap lodging houses are called.

A forgotten man who had been living there more than ten years paying his rent regularly, keeping to himself and cleaning his own room, died leaving no trace of who he was or where he came from. Potter's field got him.

When the proprietor's wife entered

the room the first time in a decade, to give it a thorough cleaning, sewed in the mattress she found a lining of \$20 bills. A further search disclosed money hidden in every nook and corner. There was "more than \$10,000 in all," she admitted.

It is one of many of the old street's mysteries.

ART

Mme. Blanche de Ralec heard another French exile 26 years ago say she couldn't get a handsome wedding cake in New York. Immediately the young widow woman with five youngsters to support determined to make one.

She did and today Mme. de Ralec is the only person in the world to

make an exclusive and profitable business of wedding cakes. She is known the world round for her masterpieces and confections seven feet high have been made for a Gould, a Roosevelt, a Vanderbilt, a Morgan.

Madame is sixty and sentimental—and an artist.

TRAVEL-MINDED

What's all this talk about hard times? Europe-bound steamships are preparing to carry more Americans abroad this Summer than ever before. What if the top of champagne corks is feeble, orchids scarce, betting on ships' pools negligible, high price statesrooms little indulged in and alcoholic uproariousness conspicuously absent—the tourist reservations are 40 per cent more than last year, even if the spending capacity is far behind.

And please take note that, according to bookings, the liners will carry nearly two women to every man.

It looks as though the great American husband was to have a real vacation this Summer.

County May Become Home Of New Federal Prison

Congressman Swick Believes Site In His District Would Be Advantageous

Thousand Acre Tract Sought By Government In This Area For Penitentiary

By ARTHUR C. WIMER
Washington Correspondent of The New Castle News.

WASHINGTON, D. C., May 24.—Lawrence county stands a chance of becoming the home of a \$4,000,000 federal penitentiary, construction of which has just been authorized by congress and for which site bids will be opened in the office of the bureau of prisons here at 2 o'clock June 23. The county is one of the 39 in western Pennsylvania and New York which will be given preference in the location of the site for the penitentiary, the department of justice has announced. Of this number, 32 are in Pennsylvania and seven in New York. Butler and Beaver counties are included as well as Lawrence.

In the opinion of Representative J. Howard Swick, a site in one of the three counties of his district would furnish a most advantageous centralized and strategic location for the penitentiary, and as the construction of the penitentiary would supply work to at least 200 employees it would be helpful to the community at once. Further, the supplies necessary for the upkeep of such an institution would be a great advantage to the community which is selected.

Seek 1000-Acre Tract.
The department of justice is seeking a tract of land approximating 1,000 acres in compact and convenient form. Although final selection will be made

on the basis of a number of requisites, no consideration will be given to proposals where the price of the entire tract exceeds \$100,000, or \$100 an acre. The tract should contain an area of about 40 acres of level land which can readily and economically be developed as a building site for the institution. The building site must have ample natural drainage, have no underlying strata of rock within eight or ten feet of the surface and be otherwise adapted for building purposes.

The topography of the tract offered must be reasonably level or rolling country; rugged or mountainous country will not be considered. Also, the tract offered must be capable of being profitably farmed with a variety of crops ordinarily grown in the section in which it is located.

Need Adequate Water Supply.
The justice department stipulates that the site must be within easy access of at least one trunk line railroad and be within a reasonable distance of a city or town with a population of not less than approximately 10,000 people.

No consideration will be given to a site unless it is served by a city water supply system, or is traversed by or adjacent to a river or flowing stream of portable water; or has ground water sufficient to supply 200,000 gallons of water per day. A convenient electric power and light system will be considered an advantage.

Bidders are required to furnish with their proposals (a) a map or plat showing boundaries and the dimensions of the land offered; (b) information relative to the size and flow of streams traversing or adjacent to the site; (c) the number and type of buildings now located upon the land; (d) the availability of electric service for power and light; (e) the assessed value of the entire tract or each parcel; (f) the name and address of the owner of the tract or tracts offered; (g) statements showing the facts to indicate that the site conforms with the

specifications stipulated; and (h) the price per acre and the price of the entire tract.

Will Consider Donations.
Property with restrictions as to mineral rights and the like which cannot be released by the individual offering the site will not be considered by the department.

In announcing the opening of proposals for the site, the justice department states that it will at the same time consider the donation of a site that measures up to requirements should a local organization or government decide to purchase the site and then offer it to the federal government with a view to having the penitentiary constructed in the community.

Property owners or organizations of Lawrence county anxious to have the new prison located within the county may procure full particulars as to requirements of sites that will be considered by addressing communications to the Bureau of Prisons, Washington, D. C.

The bureau will forward details dealing with the preparation of bids, data to accompany the bids, etc.

Congressman Swick is enthusiastic over the possibility of having the new prison located in his district and will cooperate with parties in the three counties interested in submitting bids or offering to donate sites.

"It would be a big thing for the community," the congressman commented in speaking of the possibility of the penitentiary being located in Lawrence county.

Prayer In Congress

The chaplain, Rev. ZeBarney T. Phillips, D. D., offered the following prayer:

O Lord, our Heavenly Father, whose blessed Son came not to be ministered unto but to minister, and gave up a new commandment that we should love one another, grant, we beseech Thee, that inspired by Thy love and following in His steps we may worthily minister in Thy name to all who suffer wrong, to the friendless and the needy, and to all who are burdened with care.

Give us wisdom to resolve and patience to perform the nobler tasks, that doing good by stealth we may blush to find it fame, knowing that one self-approving hour outweighs whole years of men's applause. And when the dusk—that miracle of gold and violet moments with the light of immortal heaven behind the rampart of the hills—shall call us home, may we find rest and peace in Him, who came among us as one that serveth, and having loved His own, loved them even to the uttermost, Jesus Christ, Thy Son, our Lord, Amen.

AUXILIARY BANQUETS SONS OF VETERANS

Auxiliary to Oscar L. Jackson Camp No. 249, Sons of Union Veterans last evening entertained members of the camp at a banquet held in the Sons of Union Veterans Hall in the city building. Covers were laid for thirty-three and the affair proved very pleasant. The banquet was followed by a joint meeting of the organizations. Mr. and Mrs. Fred House of Youngstown were special guests.

Slippery Rock To Dedicate Bridge And Airport May 28

Arrangements Completed For Dual Ceremony By Residents Of Community

SLIPPERY ROCK, May 24.—Wednesday, May 28, has been set as the date for the community-wide celebration, when the new bridge at Etna Mills, a few miles south of here will be dedicated, together with the new airport at Straub's Beach.

Arrangements have been completed for the big event by committees from the Chamber of Commerce, final plans have been made at a meeting held here Friday evening.

County Commissioners from Mercer, Beaver, Venango, Armstrong and Lawrence counties, together with representatives from various civic organizations and citizens of New Castle, Butler, Grove City and surrounding communities have been invited to join in the celebration.

Stores will be closed in Slippery Rock and the day will be made a gala occasion, a monster picnic being one of the features on the program.

Final Rehearsals For School Play

High School Cast Prepares To Present "New Brooms" Next Week

The cast for the senior play under the direction of Miss Clara Hartsuff is having its final rehearsals for "New Brooms." The play has been in the repertoire of the classes in dramatics since last fall so that this public presentation will be a particularly fine production.

One member of the cast, James Smith, has recently made a trip to New York for an audition with the famous theatrical producer, Eva Le Gallienne, with a view to entering her company of actors. Young Mr. Smith expects to make a profession of the stage.

The other members of the cast of "New Brooms" are all clever amateurs in stage-craft who are having a lot of fun out of their rehearsals and who will give their audience a lively evening of entertainment.

"New Brooms" is a comedy from the business world. New methods against old methods; radical youth versus conservative experience; and ends up a series of laughable situations with a climax that is satisfactory to both the skeptical father and the enterprising son involved in the fate of the broom factory.

Post Chaplain McClung To Give Program In Plaingrove U. P. Church

Members of the Harry L. McBride Post, Veterans of Foreign Wars, will go to Plaingrove tomorrow, where they will take part in the services of the day, arranged by Rev. Nathan McClung, pastor of the Plaingrove U. P. church and chaplain of the post.

The post members will assemble at the Legion Home Association building on North Jefferson street at 9:30 Sunday morning, from whence they will make the trip to the church in machines.

Rev. McClung has arranged a fine program for the day, which will honor Thomas Magee, the only surviving Civil War veteran in the Plaingrove district.

The Story Of American Industry
Paper Making—(Concluded)

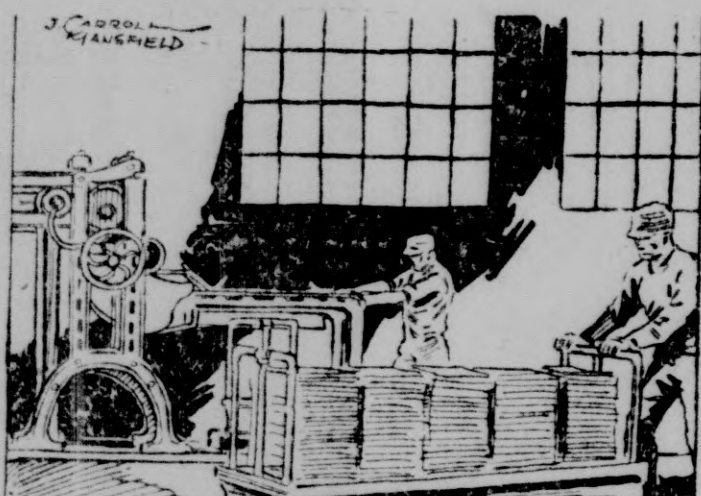

TODAY PAPER IS MADE IN A GREAT, LONG MACHINE (REALLY A SERIES OF MACHINES), CALLED A FOURDRINIER. PULP MADE FROM WOOD AND RAGS GOES INTO THE MACHINE AT ONE END, AND COMES OUT IN THE FORM OF FINISHED PAPER AT THE OTHER. THE FOURDRINIER WAS INVENTED BY A FRENCHMAN (ROBERT, 1799), GREATLY IMPROVED IN ENGLAND (1807), AND INTRODUCED INTO AMERICA IN 1825.

ABOVE ARE PICTURED SECTIONS OF A MODERN FOURDRINIER. THE FIRST PICTURE SHOWS THE END OF THE MACHINE WHERE THE WET PULP FROM THE TANKS IS RECEIVED. THE PULP IS Poured ON TO A MOVING BELT OF FINE WIRE MESH. A JERKING, SIDEWISE MOTION OF THE WIRE SPREADS THE PULP EVENLY. THE PULP IS CARRIED UNDER A HEAVY ROLLER WHICH PASSES AND, AT THE SAME TIME, WATERMARKS THE SHEET.

THE ENDLESS SHEET OF PAPER MOVES ON FROM THE WIRE BELT TO ONE OF FELT, BY WHICH IT IS CONVEYED THROUGH A LONG LINE OF STEAM-HEATED ROLLERS. THESE DRY THE PAPER AS IT PASSES. THE MOVING SHEET IS NEXT CARRIED THROUGH A CUTTER THAT SLITS IT INTO DESIRED WIDTHS, AND THENCE TO A MACHINE WHERE IT IS COATED WITH A PREPARATION TO TOUGHEN THE PAPER AND GIVE IT A WRITING SURFACE.

THE PAPER THEN IS IRONED BETWEEN TWO HEAVY ROLLERS TO IMPART A SMOOTH FINISH TO IT. IT IS THEN WOUND IN A LARGE ROLL. AS A FINAL OPERATION IT IS CUT INTO SHEETS AND PILED ON A RECEIVING TABLE. IT IS THEN READY TO BE SHIPPED TO THE MARKETS, OR GIVEN SPECIAL FINISHES. THE NEWSPAPERS ARE THE GREATEST CONSUMERS OF PAPER.

First Night Relay Carnival Is Held Here Friday

BY RUBE GOLDBERG

New Castle Wins Mile Relay Race

Officials Run Night Meet In Record Breaking Time Of 2 Hours 15 Minutes

All Events On Card Prove Exciting; 1,500 Turn Out To See Novelty

Friday night marked the inauguration of another sport event in this section of Pennsylvania and probably in the United States when several hundred well trained schoolboy track athletes from close to 50 schools participated in the New Castle high school night relay track carnival which was staged under floodlights at Taggart field. A crowd estimated at 1,500 turned out to see the spectacle. All the events proved to be the liking of the fans and by the way it appeared to fandom last night a night meet may be an annual affair here.

The feature event scheduled, which was the class A mile relay championship, turned out to be one of the best races seen in any track meet this year. The two best relay teams in the meet met to decide the best team, Midland and New Castle through past performances last night were chosen to run the final event. What a race it turned out to be—first New Castle led then Midland. The race proved close and exciting until the final 100 yards when Scarazzo, anchor man for New Castle, broke the tape while Midland's anchor man collapsed.

Good 100 Yard Record. One of the best records made last night was that established in the 100-yard dash, class B. Pryor of Ford City broke the tape in 10-1-5 seconds. This is considered good time for any high school century runner.

Some of the feature events were the shuttle race and the medley races which all were close and proved interesting. Only three field events were scheduled. The broad jump, pole vault and high jump were the only field events staged. Francis Wahno proved the local star in the field events by scoring in all three events. He was tied for first in the pole vault, was third in the broad jump and second in the high jump.

Junior High Race Good. An event which pleased the fans was the junior high school half mile relay championship. Erie Academy junior high took this event with a time of 1:41-5 seconds. Ellwood City junior high was second with George Washington junior high third. This race was fast and close. The mile relay race for Lawrence county class B schools also proved interesting. Union placed first in this event with a time of 4:00-4-5 seconds. East Brook was second with Shenango high third. George Washington was fourth.

No Point Scoring System. The meet was not like the ordinary meets which are held in this section. As a rule the school scoring the greatest number of points is given a special trophy and pronounced the winner of the meet. In the meet last night points were not given. A school entry winning in any event indicated that the school contestant was the best in that certain event. Fifteen beautiful plaques were given in the different races. Close to 100 medals were awarded the athletes placing first, second or third in an event.

Record Time for Meet. One thing that astonished the crowd was the manner in which the meet was run off. The meet started promptly at 7:30 and at 9:45 the last event had been run off. Twenty-nine events were presented in 2

hours and 15 minutes. This is believed to be a record for running off a meet in this section. Credit goes to W. S. Haddock of Pittsburgh, who acted as referee; Elmer Layden, Joseph Wagman, Henry Blum and the other officials for the way the meet was conducted.

Sound Amplifier Good. Two birds were killed with one stone last night at Taggart field. Two things were attempted. The night meet was one and the use of a sound amplifier was the other. This system of announcing the winners after each event was tried through the amplifier and loud speaker system.

After each event the winners were immediately announced to the fans. During a short intermission William S. Haddock of Pittsburgh, who was the referee, was introduced and gave a few words on track. He stated that he wished to congratulate the officials of the high school for attempting such an unusual sport event. He favors a night meet, was indicated by his speech.

Elmer Layden, one of the original Four Horsemen of Notre Dame, and who is now head coach at Duquesne university, was also introduced and called on to say a few words. Credit for the staging of the night relay meet goes to Faculty Manager Ralph H. Gardner. The small crowd that attended the meet appeared to like the unusual classic and it may be that a night relay meet will be an annual affair here.

Genevians Hope To Keep Championship In Tri-State Track

For Past Five Years Geneva Has Won Tri-State Conference Annual Track Meet

Westminster And Dukes Figure To Give Beaver Fallians Tough Going This Year

BEAVER FALLS, May 24.—When Decoration Day rolls around next week, Beaver Falls will be the scene of the annual Tri-State Conference Track and Field Meet. For five consecutive years the Gold and White of Geneva has been emblematic of the cream of the conference, and this year finds the Covenanters as strong favorites to repeat. Full teams representing Duquesne, Waynesburg, Bethany, Westminster, Thiel and Geneva are being primed for the championships to be held at Reeves Stadium before an expected large audience.

The most important dual meet of the conference thus far was the combat last week between Westminster and Geneva at the former's stronghold. The Titans, after a disheartening number of defeats at the hands of Coach Park's cinder men, were anxiously awaiting a close affair with reasonable prospects of victory. But Geneva's talented array came through by a score of 82-53, and as a result have been installed as favorites to again cop the conference crown.

Starring for the Beaver Falls aggregation are some well known Western Pennsylvania athletes. For example, Len Friedman, javelin expert, who gained first at both the Penn and Ohio State Relays and is the record holder at Franklin Field; Fair Thomas Monongahela City comet who is accustomed to winning the 100, 220, and 440; Earl Ewing, hurdler, Slim Harrison, pole vaulter, and Captain Walter Beaver, broad jumper. Westminster has its Delahanty, Crowell, Brownlee, and Siljander. Duquesne's point men are led by Pesci and Kemp. Waynesburg, Bethany and Thiel may be also counted upon for some surprising challenges, who will probably upset some carefully prepared dogs. Beaver Valley sports enthusiasts are confident that the general competition on Decoration Day will mean a great meet and establishment of new records. And so it seems!!!

C. A. C. Team Tops New Castle Indies

The C. A. C. team beat the New Castle Indies 9 to 5, in a game played at the Ryantown Field on Friday night. The pitching of Waters who allowed the Indies but two hits featured the game. The C. A. C. boys found the pitching of Marino and DiMuccio to their liking and battered out fifteen hits. Webber, Waters and M. DiMuccio were the heavy hitters of the game.

Mickey Walker Beats Charlie Belanger

(International News Service) DETROIT, May 24.—Mickey Walker, ruler of the world's middleweights, fighting with an 11-pound handicap, found Charlie Belanger, light heavyweight champion of Canada, an easy foe here last night and at the end of the ten rounds was awarded the decision by Referee Elmer "Slim" McClelland.

Walker rushed Belanger repeatedly with his usual aggressiveness, and landed several hard blows during the closing rounds. Belanger knocked Mickey to the floor in the second round—but it was only for a few seconds. Both fighters took things easy, and neither was hurt badly.

Bessemer High Defeats Union

Union High's Crack Baseball Team Takes One On Chin From Bessemer High

Bessemer High school baseball team stopped the mad rush of the Union High school boys toward the championship of the county schools, when they hung a 5 to 2 defeat on the boys of Scotland Lane.

The game was a pitchers battle all the way, with Campbell and Livinson pitching a high class brand of ball. Bessemer got the jump in the first inning by tallying a lone run, and they came back in the third to score another run before Union in the final half of the third could get a run over the plate. Bessemer led 3 to 2 going into the first half of the sixth inning and then clubbed out two more runs to take a 5 to 2 victory when the Union boys failed to connect with the ball with regularity. Stanley had the longest hit of the game a triple, while Puromaki, and Jaworski had doubles. Campbell allowed but seven hits and fanned eleven men, while Livinson allowed six hits and fanned ten men. One could not ask for a better pitching duel than this, but the breaks went the wrong way to suit Union.

Critchlow the Union center-fielder had the error of the game. Jaworski and Mateja hit timely for the Union team with two blows apiece. Stanley and Puromaki led the Bessemer team with the willow.

HERE AND THERE IN SPORTS' LAND

There will be no boxing show here Monday night but on June 2, Joey Goodman, lightweight championship contender, and Augie Pisano of New York will show and the battlers will play to probably the largest crowd that has entered the bowl. Pisano has fought every good lightweight in the world. He is a rough, tough chap who likes the going and knowing that Goodman gave Mandell a great fight at Cleveland will be in there hustling every minute.

Talking of champions, a few nights ago we journeyed to see Battling Battalino batter Vic Burrone at Pittsburgh. It was a one-sided bout as Burrone proved nothing but a catcher. Battalino didn't get a good chance to show himself as Burrone grabbed every second. At that Battalino showed no signs of being a puncher. He nailed Burrone a dozen times on the chin and couldn't put him away.

Eight hundred schoolboy athletes from 55 high schools in the tri-state district will compete in the inter-scholastic track and field carnival Pitt will sponsor today. New Castle and Ellwood City are entered.

Helen Wells Moody and Elizabeth Ryan defeated Joan Fry and Ermyr-Harvey in tennis 6-1, 6-2, and reached the finals at Auteuil, France, yesterday.

Ralph McMillan, Jeannette high school football and basketball coach for several years, will mentor Monongahela City high this fall.

Al Singer Wins From Fernandez

Singer Wipes Out Stain Of Knockout Handed Him Year Ago

MAY FIGHT SAMMY MANDELL FOR TITLE

By HENRY McLEMORE (International News Service) NEW YORK, May 24.—The house of Singer stood avenged today—avenged because of a cruel, darting left, and a zooming right that came from nowhere to land squarely and cleanly on a battered Filipino profile.

The left and right belonged to Al Singer, prince of the house of Singer. The profile belonged to Ignacio Fernandez. The result—a cloud-spattered mis-shapen face, and a complete erasure of the memory of that night a year ago when Fernandez unloosed a wild right that gave Singer the only knockout blot on his record.

Singer and his entourage were not the only happy ones who left Madison Square Garden last night. Among the more joyous ones list one Tom McArdie, matchmaker for the 8th avenue institution. For when Joe Humphries lifted Singer's arm at the end of the tenth round and Fernandez, both eyes closed, was led from the ring, McArdie knew that nothing

shot at Sammy Mandell and the lightweight title this summer. No worries about a substitute; no worries about building Jack "Kid" Berg up as a challenger; nothing to worry about save providing enough seats to accommodate those who will flock to see the Bronx beauty shoot that right at the Rockford shack.

Sammy Binder, New York featherweight, defeated Mickey Greb, Newark.

AT DETROIT—Mickey Walker, world's middleweight champion, defeated Charley Belanger, Canada.

CASCADE A. C. LEADS LEAGUE

League Is Making Progress And Teams Showing Great Speed

The City-County League is making progress this year and the teams are rounding into first class condition and putting real arguments for the games.

At the present, Cascade A. C. is leading the league with a percentage of 750. This is however, includes a game which Energy has protested and should this be counted out in any manner by the commissioners of the league, Cascade A. C. would then be tied with the Polish A. C. for first place on the basis of the league standing at the present time.

It is anticipated that the commissioners of the league will act on this protest in the immediate future. The standing follows:

City-County League	W. L. Per.
Cascade A. C.	3 1 .750
Polish A. C.	2 1 .666
Handy Service	2 2 .500
Bessemer	2 2 .500
West Pittsburgh	2 2 .500
Energy	0 3 .000

CHICKEN PIE SUPPER
The ladies of the Methodist Epis-
copal church fed a large crowd of
people Thursday evening at their
Chicken Pie Supper. The beautiful
reputation combined with the well-
earned reputation of the ladies' cook-
ing and service brought many hungry
chicken devotees to the church. Tired
but happy were the ladies as they fin-
ished up the work and counted the re-
ceipts of the evening. Several out-
town friends visited the pie (us) and
rendezvous, left their money and went
away happy.

WAMPUM PERSONALS
Miss Bessie Bingham of Detroit,
Mich., had a delightful visit with
Mrs. J. G. Bingham of Kay street.

KOPPEL GIRL MISSING
Miss Angelina Deluca, 15-year-old
daughter of Mr. and Mrs. James
Deluca of Koppel, has been missing
from her home for more than a week.
An extensive search is being made.
She was last seen in the company of
a girl friend while leaving her home
Tuesday, May 13, to attend her class-
es at Duif's College, Beaver Falls.
Failing to return home at the usual
time her parents became very much
alarmed.

Angelina, an only daughter, is a
girl of well built stature being 5 feet
3 inches tall, with black hair and
eyes.
The girl's parents are frantic at her
disappearance, bewildered at her
action as a reason is unknown. They
are making every effort possible to
learn of her whereabouts.

ENTERTAINS O. N. T. GIRLS
Miss Roberta Haswell of Koppel,
entertained the O. N. T. Girls of El-
lwood City, at her home, Wednesday
evening. Two tables of bridge were
in play. Score honors went to Mrs.
Helen Myers of Ellwood City and Miss
Marie Whitmers of Koppel. At a late
hour lunch was served by the hos-
tess.

**LEGION TEAM BEATS NEW
BRIGHTON**
The American Legion junior base-
ball team of Koppel played a New
Brighton boys team at New Bright-
ton, Thursday evening. The Koppel
boys were winners with the score be-
ing 13-1.

TO UNDERGO OPERATION
Mrs. J. A. Fischer and Mrs. A. H.
Asper of Koppel, were to be oper-
ated on Thursday morning. Mrs.
Fischer is to undergo an operation at
the Presbyterian hospital. The opera-
tion is not considered extremely se-
rious. She will return to her home not
later than Sunday, May 25th.

KOPPEL PERSONALS
A special meeting of the girls' choir
of the Koppel M. E. church was called
for Thursday evening at the parson-
age. This meeting was called for the
rehearsal of songs which the choir
are to contribute toward a program
to be given at the Conway Methodist
church, Conway, Tuesday evening,
May 27th.

Miss Thelma McCarter of Beaver
Falls, has returned to her work at
the Koppel Industrial Car & Equip-
ment Co., at Koppel, after spending
a month's vacation with her sister,
Mrs. Flannigan, at Fort Worth, Texas.
Mr. and Mrs. Wm. Hall of Koppel,
visited their daughter-in-law, Mrs.
Wm. Hall, Jr., of Ellwood City, who is
a patient of the Ellwood City hospital.
C. U. Guy was a business visitor to
McKeesport to attend a postmasters
meeting, Thursday.

Cascades Trip Third U. P. 9-0

The Cascade A. C. team of the
City-County League beat the Third
U. P. team of the Church League 9
to 0, in a game played Friday night
at the Cascade ball park. Perry on
the hill for the Cascades hurled a
brilliant game allowing but two hits
and fanning four men.
The winners had eight hits off Da-
vis and Honkonen. Lenhart and
Rodgers were the best stickers of the
game.

Today the Bessemer team is at the
Cascade field for a City-County
League game. A real battle is look-
ed for.

British Girl Flier Reaches Australia

Miss Amy Johnson, Daring Girl
Flier Arrives Safely In
Australia

(International News Service)
PORT DARWIN, Australia, May 24
—Amy Johnson, radiant spirit of the
modern girl, slid into the air field
here today in a light sport plane and
combed her hair.
In back of her was the whole-
hearted adulation of the British em-
pire, but it wasn't important.
The 22-year-old aviatrix had spanned
11,000 miles of the hardest flying
territory there is in temperate or
tropic belts.
"I'm so happy," she said. "The last
hop a span of 500 miles from Timor
Island to Australia was excellent and
I enjoyed it all the way."

FROM TEE TO GREEN
HARRY COOPER
PLAYS FROM
TRAP
TO FINISH

By ROY GROVE
Central Press Staff Writer
Playing from the sand trap depends
upon the situation and various meth-
ods are used in executing the play
but, first of all, it is the judgment of
the player that counts.
The shot that causes most of the
grief, to the professional and the
crack amateur, is the very dry sand
and a steep bank to the green.
The play in that case is the "ex-
plosion shot."
To play the explosion, as Harry
Cooper would play it, be sure that
you are well into the sand, dig don
deep with both feet and become fully
anchored.
Play the ball off the right foot and
get a strong hold on the club with
the right hand.
Aim the blade for a spot about two
inches back of the ball and hit on
through, taking a load of sand with
you.
Looking up, anxious to see the shot
played, has spoiled more good ex-
plosion shots than any other fault. Hold
that head still.
The second common fault with the
sand shot is the lifting of the left
heel. Glue this heel into the sand
and bear down upon it when hitting.
On other occasions where the sand
is wet and the ball is laying on top
the play can be made much the same
as when you play the niblick off the
fairway, cutting under the ball for a
backspin loft to the pin.
On some shots, where the bank
of the trap is a gradual rolling turf
it is best to play the putter out and
judge your roll.
Cooper's stance is the one to follow
on trap play and note especially the
right arm and how it is brought into
play.

Pirates Nose Out Chicago Cubs 7-6

Meine Weakens And Spencer
Goes Good In Relief Role
As Pirates Win

FORBES FIELD, PITTSBURGH.
May 24.—The Pittsburgh Pirates made
the championship Cubs double up and
creep to the clubhouse yesterday af-
ternoon at the local ball orchard, by a
7 to 6 victory.

The Cubs darn near won the old
game at that, and if it hadn't been
for Spencer, the Cublets might have
been the ones to rejoice.
Meine after pitching a fine game
for eight innings and allowing but
three runs, suddenly went to pieces
in the ninth and four men got to base
safely with three runs over the plate
before Manager Eas decided Meine
had seen enough of the game and
Spencer was rushed in. He only fan-
ned two men in the ninth to stop the
rally.

It was the Cubs turn to show off
their pitchers yesterday and they did
to the extent of four of them. Car-
lson, Bush, Blake and Sargent. Man-
ager McCarthy was in the bull pen
picking out another finger when the
Pirates got through batting in the
eighth.
English, Hornsby and Paul Waner
socked the old apple the best dur-
ing the game, and had three hits
apiece.

First Baptists Top Cen. Presbyterians

Smith Pitches Sensational Four-
Hit Game As Baptists
Take Victory

The First Baptists with Smith
pitching a sensational four hit game,
defeated the Central Presbyterians 2
to 1 in a Church League game last
night at the Scotland Lane Field. The
Smith allowed but four bingles and
fanned eleven men. He was com-
plete master of the 1929 champions
throughout the five innings. Sargent
pitched good ball, allowing but seven
hits, but Hughes double scored the
two runs for the Baptists.
Davis, Reich and Craft were the big
stick artists for the winners, with
Carr, Chill, Uhle and Sargent the best
hitters for the losers.

Prices Slightly Higher In Stock Market Today

By W. S. COUSINS

International News Service Financial Editor

NEW YORK, May 24.—The dull routine of professional trading in a few of the active shares was resumed today in the week-end half-session. The motor stocks made the best effort to reach higher price levels, under the leadership of the amusement group. Stocks of the amusement companies and a few of the leading dividend rails were pushed along behind the impetus of a fair volume of buying, but transactions in the first half hour totalled only 178,000 shares, about 20 per cent of normal volume.

Nothing very specific with respect to the business recovery was available in the week-end industrial and trade reports, and bank clearings showed a decline of 13 per cent for the week. An increase in the April business of the automobile-parts-accessory trade was reported by the motor and equipment associations.

Stocks of the General Motors group with Chrysler and Electric Autolite reached a slightly higher level of prices. The list included Briggs, Manufacturing, Yellow Truck, Bendix and General Motors, which again established a new high for the movement, at 51 1/2. Market rumors linked up

Fall Seeks To Escape Payment Of Income Taxes

Albert B. Fall Former Secretary Of Interior Seeks To Escape Big Tax Payment

DOHENY'S LOAN HELD TAXABLE

(International News Service)

WASHINGTON, May 24.—Albert B. Fall former secretary of the interior, has filed an appeal with the U. S. board of tax appeals against the government's effort to collect income tax on money Fall and his wife received from the Tres Ritos Cattle & Land Co., of New Mexico, N. M., received from L. Doheny and Harry P. Sinclair, oil magnates.

The internal revenue bureau assessed Fall and his wife a total of \$158,127 in deficiency taxes and \$77,198 in penalties for failing to report a total of \$403,000 as income. The bureau assessed the deficiency and penalties on \$100,000 Fall received from Doheny in 1921 and a total of \$303,000 paid by Sinclair to Fall and M. T. Everhart, Fall's son-in-law.

Content Loan Taxable

The bureau held the \$100,000 Fall received from Doheny which he said was a loan, was income. Fall was convicted of accepting this amount as a bribe to influence the award of Elk Hills naval oil reserve to Doheny's Pan-American Co., but Doheny later was acquitted of giving Fall the money as a bribe.

During the trial of Sinclair on charges of conspiring with Fall to defraud the government out of the Teapot Dome naval oil reserve which resulted in his acquittal, it was brought out Sinclair had paid Everhart \$233,000 in Liberty Bonds for one-third interest in the ranch owned by Fall and Everhart.

It also developed that Sinclair had advanced the company \$35,000 additional in two payments of \$10,000 and \$25,000. During the oil trials it also was disclosed that Fall had received \$25,000 in bonds from Sinclair which he maintained was a loan and \$10,000 in cash which he said was expense advanced to finance a trip to Russia as counsel for the Sinclair Exploration Co.

The internal revenue bureau, however, held that all of the sums were personal income of Fall on which he had failed to pay tax.

Fall contends in his appeal the money received from Doheny and Sinclair was not personal income and argued that no fraud had been committed in failure to report it.

Welsh Woman Highly Honored

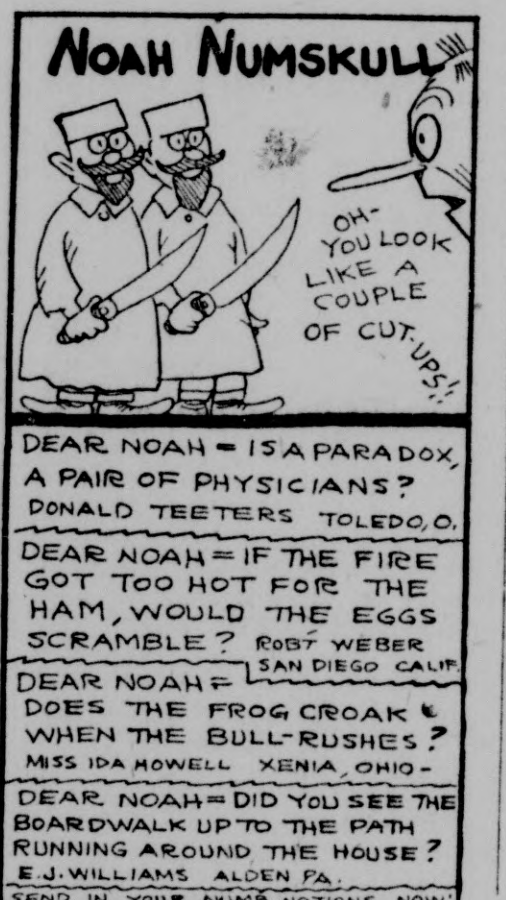

Sister Of Rev. Margaret Joshua Appointed To Office Of Magistrate Of Wales

Rev. Margaret Joshua in receipt of a letter today from her sister, Mrs. Catherine Johns in Wales, saying that she has been highly honored in being appointed by the Lord Chancellor Sankey of the British Government to be one of the magistrates of Wales. To be appointed to this office one must be of sterling worth, unblemished character and to have served the country faithfully.

Mrs. Johns has covered a period of thirty years activities in the social, education and religious work of the country and as a dramatist has 6 times been the winner at the National Eisteddfod. Her educational work is well known, having served in the Welsh School of Dramatic Arts and is also a member of Gorseid with the bardic name of "Megam".

This year she is serving as president of the Glamorgan Society, the first woman in Wales ever to occupy this chair. She is also the second woman to be appointed as magistrate.

ARE WE MACHINES?

Clarence Darrow likes to refer to the human being as a machine which unwinds itself. He seems to think that man inevitably responds in a certain way to stimulus and that he has no free will with which to decide what he ought to do. Well, even the New York Academy of Medicine, which can not be accused of sentimentality, tells us in a recent statement that the human body is far more than a thinking machine.

"The human body," says this state-

HOMEWARD BOUND

ment, "is much more complicated than any man-made machine. Consider the marvel of the brain. It is composed of more than twelve thousand million nerve cells, each of which is a living unit. These cells, grouped in certain definite classes, function in health in an integrated and harmonious fashion to produce that which distinguishes man from all other animals; intelligence.

"The entire nervous system has been compared to an intricate electrical system, and nerves have been compared to nerve cells and wires. In a sense hardly appreciated the comparisons are justified.

"And yet, when we take our most complicated electrical system—the telephone—and compare it with the nervous system, it appears like a child's toy boat against a modern ocean going steamer.

"Neither the transmitting nor receiving systems thus far developed in radio can approximately either the human voice or the human ear.

"Television, too, provokes our enthusiasm, but the human eye is an instrument of 'television' of a capacity and intricacy which it is doubtful human ingenuity will ever match. In the light sensitive portion of the human eye, the so-called retina, it has been estimated there are no fewer than one hundred and thirty-seven millions of nerve endings.

"But perhaps the greatest wonder is the great abuses which the human body can stand and still carry on."

LIVING LIFE

Thrill has its place and a big place in any well ordered program of living. Thrift, however, is miserliness. If happiness can come through miserliness it is not normal happiness. In the end it isn't thrift at all. It is waste—waste of the adventure of living and waste of the appreciation of life. Elizabeth Jerns, 58 years old, died the other day in Washington. She earned fifty dollars a month as a housekeeper. Recently she took to tending furnaces in order to add ten dollars more to her income. When she died it was found she had \$30,000 in stocks and bonds hidden in her room. To do no living thing one goes along and to become obsessed with the idea of excessive saving is just to miss a lot of life.

PARIS, May 24.—French men are gradually replacing men in all manner of business and profession. The latest one is that of official guide for the big automobile loads of visitors touring the city.

Pretty French girls are now standing up on the running board explaining through a megaphone the beauties of the capital to the English, German, American and other tourists who, it appears, have declared that they are much better informed and more pleasant companies than the men who have heretofore done this business. The girls themselves are also satisfied with their new profession, their only trouble coming from being obliged to speak in a heavy voice a good share of the day.

Troop Has Court Of Honor Session Last Night; Badges Are Presented

Boy Scouts of New Bedford Troop 1 received due recognition Friday evening when a court of honor session, sponsored entirely by their troop, was held in the presence of county Scout officials and guests.

Scout Executive H. G. Horton and Scoutmaster Sidney Smith of this city, along with Troop Committeemen Cooper and Hoye, were in attendance.

Scoutmaster Irwin Ropp opened the court with a few remarks concerning the advancement of the Scouts. Then Scout Executive Horton presented second-class badges to Scouts Dick Boyd, Albert Lawrence, John Popa and Cassius Zedaker. Troop Committeemen Cooper presented reading and corn farming merit badges to Herbert Boyd and reading merit badge to Ted Ropp.

Scoutmaster Sidney Smith presented star badges to Scouts Edwin Harry and David Wortman. This rank is obtained by a first-class Scout when he completes the tests for five merit badges. Scoutmaster Ropp presented a tenderfoot badge and certificate to Joseph Lawrence, who has recently joined the New Bedford troop and successfully passed the required tenderfoot tests.

Several reels of film were shown. One was the 1928 Hot Springs Scout executive conference; another showed scenes of the Lawrence county Scout camp, John M. Phillips, while others were scenes of Cascade Park and Niagara Falls.

After the closing of the court of honor refreshments were served by members of the troop.

Some News, Some Views, But Mostly Just Observations Of Interesting Things Around New Castle

Something else again, and another first for New Castle. This time the distinction of holding the first night relay meet, with everything going off smoothly. So smoothly in fact that the meet was finished about three minutes ahead of schedule and if this isn't something new in any sport, sue me.

Sheriff Bill Haddock of Pittsburgh, well he's a former sheriff anyway, was out as referee and this in itself was a little distinction. He is the organizer and president of the Allegheny Mountain Association of the American Amateur Union, and his interest in amateur sport has kept the organization alive for a quarter of a century.

He it was who brought basketball to Western Pennsylvania some thirty years ago, organized a team and played for a number of years. He wouldn't do so much as a player now for the waist line has increased with the years. But his youthful interest in the amateur is still as keen as ever and for this, amateur athletics can be glad.

There was one lad in the meet who would have won about three firsts, but who was much more impressive in defeat than he could have been in victory. It was Wamio, tall, lean and blond, the hope of the New Castle relay team. Pole vault, high jump and broad jump in each of these he is a lot better than he showed last night, but the youngster had

turned his ankle and every vault, every jump meant a stab of pain.

He has done eleven six in the pole vault, but last night couldn't clear eleven feet because of his ankle. And even at that he was tied for first place and then lost the medal on the toss.

The crowd wasn't as large as it will be next year. Relays here are something new to the average sportsman and a campaign of education must be gone through before such meets become popular. Track or field meets are interesting when you get to know what it's all about and with the ideal plant New Castle has, the meets should be a big thing each spring.

It has been my pleasure to see a number of track and field meets but the one that stands out is the one held in Pittsburgh after the Olympics had finished in Stockholm, Sweden. The Olympic champs were there and not even the old Greeks of the early days could have complained of the lack of competition and ability.

Abel Kiviat was there, and broke the world's record for a mile run. Hannes Kolehmainen the Flying Finn was there and ran the legs of his competitors. Pat Ryan the weight man was there, the two Adams brothers, Ward and Platt, Wright, the pole vault champ and a host of American athletes.
